We look forward to seeing you when you move in for Spring 2018.

Check-In

When is Check-in?

Check-in day for Spring is Thursday, January 4, 2018, from 9:00am to 4:00pm.

What if I can't check-in on the scheduled day?

If you need to arrive after 4:00pm January 4, please contact your Customer Service Center (CSC), listed below, in writing as soon as possible to advise them of that. Late arrival (after 5:00pm on January 4) may result in cancellation of your contract or reassignment of your space.

Please note that it is not possible to check into any Spring housing assignment any earlier than January 4.

What do I need to check in?

Please bring picture identification (USC student ID card, driver's license or passport) with you when you come to Check-in.

Where do I go to check in?

Spring residents should go to the CSC for their building assignment as listed below to check-in.

On January 4 (only) check-in for all five buildings in the USC Village will take place at the Cowlings and Ilium building. Residents may unload their possessions in the driveway behind the McCarthy Honors where moving bins will be available. As there is no residential parking at USC Village, cars will need to continue on to the Shrine Parking Structure at 645 W. Jefferson Blvd. Maps will be provided to vehicles as they enter.

Moving In

Parking and Unloading

On-campus unloading zones are for temporary parking only, a restriction that will be enforced by university officers, so please, be sure to pay attention to posted parking restrictions when moving in.

Except for the unloading area behind McCarthy Honors on January 4 at the USC Village, no special provisions for unloading will be available for North University Park Campus locations.

Moving Your Stuff

Large wheeled bins will be available at each CSC for hauling in your belongings. They are available on a first-come, first-served basis and may be checked out for a limited time.

Elevators

All of USC's on-campus residence halls, suites and apartment buildings have elevators, with the exception of New North Residential College, Marks Hall and Trojan Hall. If you are moving into one of those buildings, be prepared for multiple trips up the stairs and plan accordingly. In places that do have elevators, expect them to be busy, so please be patient.

Our large north campus apartment facilities have elevators, but many of our smaller buildings do not. You may need to carry your possessions up a flight or two of stairs in these locations.

Shipping Your Belongings

You can use any carrier (UPS, U.S. Postal Service, etc) to ship your items to your USC address. Your campus address can be found in the [USC Resident Information](#) booklet. You may have items sent to that address without the room number. Room/apartment numbers will be issued at check-in. Our staff will look up your room number and notify you when your packages arrive.

Please note, however, since *we cannot accept any packages for residents who have not checked in*, we will refuse any packages for you prior to your arrival. Please time your shipments to arrive *after* you have checked in.
