

UNIVERSITY OF SOUTHERN CALIFORNIA
2020-2021 HOUSING & HOSPITALITY SERVICES CONTRACT & LIVING AGREEMENT

This University Housing & Hospitality Services Contract & Living Agreement (hereinafter referred to as “Contract”) must be signed/electronically confirmed before taking occupancy of a University of Southern California (“University”) Housing Facility. Upon receipt by USC Housing (“Housing”) of a signed/electronically confirmed Contract, the person signing/electronically confirming this Contract (“Resident”) immediately becomes responsible for terms of occupancy and all the fees associated with this Contract (“Residence Fees”), whether or not the Resident actually receives the keys to the room/apartment, takes possession of the room/apartment, and/or moves belongings, goods or effects into the room/apartment. The room or apartment that the Resident is assigned pursuant to this Contract shall be referred to herein as the “Premises.” The residence hall, apartment building, or other facility in which the Premises are located shall sometimes be referred to herein as the “Building.”

This Contract is a legally binding document. As part of the University’s online processes, this Contract may be sent to you electronically. By electronically confirming and returning this Contract, you consent to conduct this business electronically.

COVID-19 PROVISIONS

In light of the health and safety crisis created by the outbreak of a disease caused by the novel coronavirus referred to as COVID-19 (“COVID-19”) that is currently impacting the City and County of Los Angeles, the nation and significant parts of the world (the “COVID-19 Pandemic”), the University is implementing various health and safety programs, procedures and safeguards (such efforts of the University are referred to herein as the “COVID-19 Safety Efforts”). As part of, and to implement, the COVID-19 Safety Efforts, the University is putting in place new procedures, safeguards and protocols relating to University residential arrangements and contracts.

In order to facilitate, and in consideration of the University’s efforts to provide, the University’s COVID-19 Safety Efforts, Resident agrees to the following COVID-19 Provisions:

1. **COVID-19 Acknowledgement.** By signing/electronically confirming this COVID-19 Amendment, the Resident represents that Resident understands, and Resident agrees to comply with, all of USC’s COVID-19 health and safety protocols and procedures, as described in USC’s COVID-19 training entitled “Health, Hygiene and Safety” (“COVID-19 Training”) and USC’s COVID-19 health and safety policies and guidelines (“COVID-19 Policies”). Resident acknowledges and agrees that, notwithstanding any other provision in this Contract, they will not be permitted to check in to the Premises until they have completed the COVID-19 Training and reviewed the COVID-19 Policies, and understands that complying with the COVID-19 Training and COVID-19 Policies is a part of their responsibility to protect themselves, and by doing so, protect others in the community during the COVID-19 Pandemic. Resident also understands and acknowledges that, despite the health and safety measures that the University is instituting to protect staff, faculty, students, and campus visitors from COVID-19, an inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death and returning to campus may expose Resident, and possibly members of Resident’s household (through Resident), to a variety of hazards and risks foreseen and unforeseen related to COVID-19. Resident is electing to live in a University Housing Facility with full knowledge and understanding of those hazards and risks.
2. **COVID-19 Eligibility Criteria.** Resident has carefully reviewed the COVID-19 Housing Eligibility Addendum attached to this Contract. Resident represents to University that Resident currently meets and will continue to meet the eligibility criteria set forth in the COVID-19 Housing Eligibility Addendum (the “COVID-19 Eligibility Criteria”), with or without reasonable accommodation. Resident with disabilities acknowledges and agrees that requests for reasonable accommodations must be submitted to Disability Services & Programs in advance and that accommodations will not be provided retroactively. As a condition to Resident’s right to occupy the Premises, Resident must comply with the COVID-19 Eligibility Criteria with or without reasonable accommodation for the entire applicable period of occupancy. Resident agrees to immediately notify the University if at any time Resident finds that they are no longer able to meet the COVID-19 Eligibility Criteria.
3. **Policies as to COVID-19 and Other Pandemics.** With respect to the COVID-19 Pandemic and any other similar outbreaks, epidemics or pandemics that may occur in the future from time to time (each, including the COVID-19 Pandemic, a “Pandemic”), Resident shall be fully responsible for complying with all governmental and public health restrictions, regulations and guidance, and with the COVID-19 Policies as well as any other rules and regulations

established by the applicable University Housing Facility or the University, including USC Environmental Health & Safety and USC Student Health, with respect thereto including, without limitation, taking all precautions to limit the possibility of exposure to, and the spread of, COVID-19 (or any other Pandemic) in the University Housing Facility and the University campus. Precautions include, but are not limited to, compliance with the following: the use of facial coverings, the no guest policy, the limitation of gathering size, the six (6) feet distance guidance, and any other physical distancing guidelines. As the same may be applied to all other Pandemics, if a Resident has symptoms commonly associated with COVID-19 (symptoms of which are listed on the Center for Disease Control and Prevention website) or is asymptomatic but suspected of having been exposed to COVID-19, Resident shall comply with quarantine requirements which may include relocation (as specified below), confinement to a quarantine room or area of the Premises, and avoidance of contact with others. Resident may be required to relocate to Premises with private bathrooms and kitchens and, in such case, Resident may not use common area bathroom facilities or common kitchen or meal areas. Furthermore, as the same may be applied to all other Pandemics, immediately upon any suspected exposure to, or symptoms or diagnosis of, COVID-19 infection, whether symptomatic or not, Resident shall notify all Permitted Occupants of the same Premises and report to USC Student Health at (213) 740-6291 or covid19@usc.edu with respect to Resident's symptoms and/or possible exposure. Upon such suspected exposure, symptoms or diagnosis, as the same may be applied to all other Pandemics, Resident shall report for required medical evaluation. Resident understands and agrees that, as a condition of living in University Housing, and as the same may be applied to other Pandemics, Resident shall be required to give written consent to being tested for COVID-19 via collection of blood, saliva, or nasal or throat swab, as directed. At the University's request or as otherwise determined medically prudent or necessary, Resident shall cooperate with the University and make arrangements to either relocate to another Premises designated by the University, or to move out of the Premises. After complying with the University's requirements for medical evaluation and participation in medical surveillance activities, Resident shall be solely responsible for determining when Resident is in need of medical care and supervision. In no event shall the University be responsible for supervising or otherwise rendering medical care to any Resident who is suspected or confirmed of having COVID-19 or any other infection.

The Contract is for a furnished space in a University Housing Facility. Although an assignment to a specific Premises may have been or may hereafter be made, this Contract is not for a specific room, building, or type of housing, but shall apply to any Premises the Resident may occupy pursuant to the terms of this Contract. By signing/electronically confirming this Contract, the Resident accepts the University's housing assignment (as the same may be changed pursuant to this Contract), agrees to the terms of this Contract, and agrees to pay the required Residence Fees established by the University for such assigned Premises. The Resident also agrees to:

- comply with all University policies governing occupancy of University Housing Facilities, as may be amended during the term of the Contract, including without limitation those set forth in "SCampus," a copy of which the Resident acknowledges that he/she has received from the Office of Orientation and reviewed completely;
- be considerate of other residents and all staff assigned to the residences; and
- comply with all rules, regulations, and principles applicable to the residential community in which the Premises are located, as put into effect by the University from time-to-time.

By signing/electronically confirming this Contract, the Resident acknowledges that any breach of University residential policy, including without limitation the provisions of this Contract, any violation of the rights of other occupants of the Premises or the Building, any misrepresentation of facts on the Resident's housing application or on this Contract may be grounds for immediate termination of the Resident's occupancy of the Premises and/or the revocation of future University housing privileges. Violations may also result in disciplinary action under University Student Conduct standards. The determination of how to address any violations of this Contract and all decisions regarding exceptions to any policies to this Contract shall be made by the Director of USC Housing and/or their designee. The University's remedies for breach of this Contract are more particularly discussed in Section "J" below.

By signing/electronically confirming this Contract, the Resident further acknowledges that:

- all Residence Fees owed by the Resident under this Contract shall be made to the University Cashier's Office, unless otherwise set forth herein;
- if the Resident is a student at the University, all Residence Fees may be billed to the Resident on the Resident's University Student Account along with other University charges, including without limitation tuition, parking fees, and other fees;
- the Resident's University Student Account will include various other obligations owed by the Resident to the University, including without limitation tuition, and notwithstanding the fact that such obligations may be billed to the Resident as a

single amount, any payments made to the University pursuant to this Contract, whether designated by the Resident as “rent,” “room and board,” “Residence Fees,” or otherwise, shall be deemed to first apply toward any other outstanding amounts owing by the Resident to the University and shall only be deemed to apply to the Resident's obligations under this Contract to the extent that all other fees or amounts owing by the Resident to the University have been satisfied in full.

A. HOUSING ELIGIBILITY

B. DURATION OF CONTRACT/OCCUPANCY PERIODS

This Contract shall be effective and binding upon the Resident's delivery of an executed original contract to Housing or electronic confirmation of this Contract online by the contract due date listed on the Contract Summary. Subject to the remaining provisions of this Contract, the period between the date on which the Resident is entitled to take possession of the Premises and the date on which the Resident is required to vacate the Premises as set forth below shall be referred to as the “Term.” This Contract shall expire on the earlier of (i) at noon the day after the Resident's last final examination, (ii) at 5:00 p.m. upon the last day of the Term, or (iii) any earlier date of termination of this Contract as directed by the University in accordance with the provisions of this Contract. Resident shall vacate the Premises (and shall remove all of Resident's belongings) prior to the expiration or early termination of the Term (the “Termination Date”).

Apartments. If the Premises are an apartment designated for undergraduates, the Term of this Contract shall run from August 12, 2020 until the close of the academic year, May 12, 2021, for academic year and Spring contracts, or until November 25, 2020 for Fall semester contracts. The Resident may occupy the Premises during all University break periods included in the Term (i.e. Winter Break and Spring Break). The Resident shall remain responsible for the Residence Fees applicable to all University break periods occurring during the Term of this Contract.

Residence Halls. If the Premises are located in a Residence Hall (which for purposes of this Contract will be deemed to include all suite-style buildings) the Term of this Contract shall run from August 12, 2020 until the close of the Fall semester on November 25, 2020 for Fall Contracts or from January 7, 2021 to May 12, 2021 for Spring contracts. The residence hall shall be closed during the break period between semesters (i.e., November 25, 2020 through January 7, 2021), and the Resident shall not be entitled to occupy or access the Premises during such period. Residence Fees paid by the Resident are not applicable to such period. The Resident shall not be permitted in the Premises or the Residence Hall after 5:00 p.m. on November 25, 2020. The Resident shall not be required to remove personal belongings or return keys to the Premises during such period if they have a Spring contract for the Premises.

Law Residence. If the Premises are located in the Law Residence, the Term of this Contract shall run from August 17, 2020 until the close of the University of Southern California Gould School of Law academic year, May 18, 2021 or until December 18, 2020 for a Contract terminated at the end of the Fall semester. The Resident may occupy the Premises during all University break periods included in the Term (i.e. Winter Break and Spring Break). The Resident shall remain responsible for the Residence Fees applicable to all University break periods occurring during the Term of this Contract.

Graduate Academic Year. If the Premises are located in a building designated as an Academic Year Graduate Residence, the Term of this Contract shall run from August 10, 2020 to May 12, 2021, or until November 25, 2020 for a Contract terminated in the Fall semester. The Resident may occupy the Premises during all University break periods included in the Term (i.e. Thanksgiving, Winter

Break and Spring Break). The Resident shall remain responsible for the Residence Fees applicable to all University break periods occurring during the Term of this Contract.

Graduate Full Year. If the Premises are located in a building designated as a Full Year Graduate Residence, the Term of this Contract shall run from August 10, 2020 to July 31, 2021, or until November 25, 2020 for a Contract terminated in the Fall semester. The Resident may occupy the Premises during all University break periods included in the Term (i.e. Winter Break and Spring Break). The Resident shall remain responsible for the Residence Fees applicable to all University break periods occurring during the Term of this Contract.

Family Housing. If the Premises are a family facility, the Term of this Contract shall run from the Check-In Date of August 10, 2020 to July 31, 2021 or until November 25, 2020 for a Contract terminated at the end of the Fall semester, as determined by the specific building to which the Resident is assigned. For the 2020-2021 period governed by this Contract, the Term of this Contract for Senator Apartments shall run from August 10, 2020 to May 12, 2021. The Resident may occupy the Premises during all University break periods included in the Term (i.e. Winter Break and Spring Break). The Resident shall remain responsible for the Residence Fees applicable to all University break periods occurring during the Term of this Contract.

In premises designated by USC Housing as "Family Housing" units, the Premises shall be occupied only by the Resident and their spouse and/or legally dependent children under the age of eighteen (18) listed on the Resident's housing application and by no other persons. Pursuant to applicable California law, no more than three (3) persons may occupy a one (1) bedroom unit and no more than five (5) persons may occupy a two (2) bedroom unit. Family members living with the Resident must comply with all terms and conditions of this Contract and all persons occupying the Premises must be identified on the Family Housing Supplemental Application to be completed and submitted to USC Housing. The Resident is responsible for their family members and their compliance with this Contract, unless otherwise set forth in this Contract. Any planned changes in occupancy of the Premises, including without limitation any changes in the Resident's marital and family status which may result in any persons other than those listed in the Resident's housing application, or any decrease in the number of persons occupying the Premises below that listed in such housing application, must be reported to Housing. Failure to immediately report changes in occupancy shall be deemed a breach of this Contract, entitling the University to exercise all rights and remedies available hereunder, including without limitation termination of the Resident's University Housing privileges. **Extended families of the Resident, including without limitation the Resident's parents and/or siblings are not eligible to reside in the Premises.**

Summer Session Housing. Assignment to University housing for the Summer Session is made by separate application and contract, and is not covered under the same contract dates applicable to the academic year. Summer Session contract dates are determined when the Resident signs/electronically confirms this Contract. If this Contract is for summer housing, by executing this Contract the Resident is agreeing to pay the Residence Fees for the entire Summer Session Term of this Contract. Residents assigned to University housing for the Summer Session are not released or otherwise excused from this Contract due to non-registration as a University student, as registration is not an eligibility requirement for University housing during the Summer Session.

Authorized Occupancy Outside of Contract Dates. The Resident shall not be entitled to occupy the Premises before the applicable Check-In Date, during University break periods (unless expressly permitted under this Contract), or after the Termination Date, unless the Student has obtained the prior express written authorization of the Director of USC Housing and/or their designee. In the event such permission is granted, all provisions of this Contract shall apply to such period of occupancy. As a condition to granting such special permission, the Resident shall be obligated to pay, in advance, a daily fee for such occupancy as established by USC Housing.

Unauthorized Occupancy. If the Resident occupies the Premises without written authorization before the Check-In Date, during a University break period (except as expressly permitted under this Contract), after the Termination Date, or after the Resident is no longer eligible to occupy University Housing, the Resident shall be deemed to be in breach of this Contract and the University shall be entitled to those remedies for breach of this Contract set forth in Section "J" below, including without limitation the right to revoke the Resident's privilege to occupy any University Housing, to exercise all remedies available at law or in equity to regain possession of the Premises and obtain damages from the Resident for such breach. Without limiting the preceding sentence, ***the Resident agrees that he/she shall be obligated to pay \$200.00 per day for each day or part thereof in which the Resident occupies the Premises without University authorization until the Resident has completely vacated the Premises and returned all keys to the Housing Customer Service Center designated for the Premises.***

Notwithstanding anything to the contrary in this Contract, due to the COVID-19 Pandemic or any other Pandemic, the University, as required by law or in the exercise of its good faith judgment, may elect to (i) delay Resident's Check-In Date and occupancy of the Premises ("Pandemic Move-In Delay"), (ii) require the Resident to move out of the Premises on a temporary basis ("Pandemic Move-Out"), (iii) require the Resident to relocate to new premises in another University Housing Facility ("Pandemic Relocation"), or (iv)

terminate this Contract (a “**Pandemic Termination**”). Each such action by the University shall be effective on the date specified by the University in a written notice given to Resident by the University, which effectiveness may be immediate. Except in the case of a Pandemic Termination, unless otherwise agreed to in writing by the University, in its sole and absolute discretion, any Pandemic Move-In Delay, Pandemic Move-Out or Pandemic Relocation shall not result in the termination or cancelation of this Contract or affect the Term of the Contract, and in that case, except for the need to have Resident delay moving in, move out, or relocate, the terms hereof shall remain unaffected including without limitation, Resident’s obligations to comply with the terms of this Contract including payment of Residence Fees, whether or not Resident’s rights under this Contract including the right to use Common Areas, meals under Meal Plans and other services may be interrupted or materially and adversely affected due to such Pandemic.

C. CHECK-IN

Check-In. The Check-In Date for the Resident’s Contract is listed in the Resident’s online application or at the top of the printed Contract Summary. The Resident may check in to the Premises Monday through Friday; 9:00 a.m. to 4:00 p.m. Check-In is permitted on weekends or University holidays only if prior arrangements are made with the Housing Customer Service Center for the Premises.

Identification/Contract Required. Upon checking in to the Premises, the Resident must have signed or electronically confirmed their Contract prior to check in and present valid photo identification to a Customer Service Supervisor in the Customer Service Center serving the Building in which the Premises are located. If the Resident is assigned to a Building equipped with a biometric security system, the Resident must register their finger print and photo into the scanner system so that the Resident may enter the Premises.

The Resident will not be allowed to check in without proper identification.

Failure to Check In. Failure to check in by 5:00 p.m. on the first day of classes for the first semester of the Contract or failure to register as a full-time student as defined by the University Registrar’s Office may, at the option of the University, result in cancellation of this Contract by the University, without refund of the Confirmation Payment, unless the Resident has received written consent from USC Housing to check in after such date. *The Resident may not presume that such cancellation has occurred unless the Resident receives written confirmation from USC Housing.*

D. ROOM ASSIGNMENTS

Assignment. This Contract provides the Resident with certain privileges to occupy University Housing, but does not grant the Resident the right to occupy any particular University Housing unit. Assignment to a specific University Housing unit or reassignment to a different unit (including, but not limited to, a different room within the same or different facility or a room with a different configuration, location or size) shall be made only by USC Housing. Specific room numbers referred to in USC Housing correspondence or on the USC Housing website are in no way implied, promised, reserved or guaranteed to the Resident. The University may so reassign Resident, as determined by the University in good faith, to comply with laws, to comply with the University’s best practices, or to respond to exigent circumstances (such as during or following a Pandemic, including changes in housing occupancy requirements or recommendations issued by a public health authority). Any such reassignment shall be effective on giving of written notice to Resident or as of any later date specified in such notice. The University hereby reserves the right to adjust the Residence Fees upon re-assignment of a unit if such unit is of a different size, configuration and/or location, and Resident understands and hereby agrees that the Residence Fees for the re-assigned unit may be higher than the initially assigned unit.

Shared Occupancy. The majority of the University Housing units require occupancy by more than one resident. By executing this Contract and taking possession of the Premises, the Resident is agreeing to make reasonable efforts to communicate and live cooperatively with the roommate(s) occupying the Premises concurrently with the Resident, and to be respectful of their differences and their respective living habits. Graduate and undergraduate students may be assigned together in the same Premises, although the University generally makes reasonable efforts to avoid such an assignment. Any persons other than the Resident who are authorized by the University to occupy this Premises, such as roommates, shall sometimes be referred to herein as “Permitted Occupants.”

The Resident does not exercise any control over spaces within a unit for which the Resident has not specifically contracted. USC Housing retains the sole right to assign applicants to such openings. With the exception of established roommate procedures, the Resident may not try to determine who may be assigned to any open spaces in their assigned unit. The Resident may not pressure other residents contracted to their unit to request reassignment out of their assignment or cancel their contract. Cases of coercion or other inappropriate communication between students with the intent to force a student from their assigned space will be referred to the Residential review process.

Temporary Housing Space. The University shall have the right, at its sole and absolute discretion, to make a temporary housing assignment for the Resident if the University deems such an assignment necessary or desirable, including without limitation, due to

a Pandemic. If and when the University assigns the Resident to a permanent residence, the Resident shall be obligated to enter into a new contract for such permanent residence, and from and after the date of such permanent residence assignment, the Resident shall be obligated to pay the Residence Fees applicable to such permanent residence.

Law Residence. Priority for residency in the Law Residence is given first to registered students in the USC Gould School of Law. All conditions of this Contract shall apply to residents of the Law Residence unless otherwise stated. Notwithstanding that the University prefers to permit only students of the USC Gould School of Law to occupy the Law Residence, the University may assign non-Law students or other persons to the Law Residence.

Gender-Inclusive. Gender-inclusive housing may be available for students who wish to be assigned a room without regard to gender. Students requesting gender-inclusive housing on the Housing application will be placed in a roommate selection pool with other applicants who have requested similar arrangements, and room assignments to gender-inclusive housing will be made without direct regard to gender identity of roommates. Assignments to gender-inclusive housing are subject to availability. When confirming a housing contract for a gender-inclusive space, the Resident accepts that the Resident can be placed with someone of a similar or dissimilar gender identity relative to the Resident's own.

Gender-inclusive housing is provided for sophomore, junior and senior students in the following buildings: Cardinal Gardens, USC Village and Century (Rainbow Floor). Freshmen who select the Gender-Inclusive Housing option will be contacted by representatives from The Division of Student Affairs and the Housing Office to discuss this option, the requirements for applying, and the availability of space. All conditions of this Contract shall apply to residents of gender-inclusive housing unless otherwise stated.

E. ROOM CHANGES/CONSOLIDATION

Reassignment Requested by the Resident. The Resident may request that the University reassign the Resident to another University Housing Facility. The Resident may only request reassignment for themselves; the Resident may not request reassignment for another student(s). Reassignment shall be at the sole and absolute discretion of the University. In considering a request for reassignment, the University may, without limitation, take into account the following factors: (i) if space is available to accommodate such reassignment (ii) if Housing determines the assignment to be appropriate for class standing, gender and date of the reassignment request. Reassignment to an unoccupied space will not be granted if that space is under contract to another resident. Any assignment change in Premises which is not authorized in writing in advance by a Customer Service Representative/Supervisor shall be void and shall be a breach of this Contract, entitling the University to those remedies set forth in Section "J" below. Reassignments are available to current signed/electronically confirmed contract holders only and, if granted, the Resident shall be subject to a \$25 fee for each reassignment granted after the term of the Contract has begun.

Reassignments Due to University Housing Requirements. The Resident acknowledges that the University shall have the right, in the University's sole and absolute discretion, to require the Resident at any time during the Term to move from the Premises originally assigned to a different Premises for any reason, including without limitation, due to a Pandemic. Without limiting the foregoing, the University may reassign the Resident, or reassign other Permitted Occupants to the Premises, in order to consolidate University Housing in the event of vacant space within the Premises or within other University Housing or in order to isolate Residents who have been either exposed to COVID-19 (whether asymptomatic or symptomatic) or have tested positive for COVID-19 to limit the further spread of infections caused by COVID-19. In such instance, the University shall have the right (but not the obligation) to permit the Resident and any other Permitted Occupants to remain in the Premises without making such reassignment on the condition that the Resident and such Permitted Occupants agree in writing to pay the Residence Fees applicable to the vacant space within the Premises. Also, if the reassignments are due to a Pandemic, Resident's right to receive meals under a Meal Plan or the right to use Common Areas in the University Housing Facility may be modified as reasonably determined by the University.

Reassignments Due to Conduct. The University may reassign the Resident or other Permitted Occupants if the University deems it necessary or desirable in order to protect the rights of other occupants of the Premises or the Building to enjoy a reasonable living and academic environment, or to protect the health and safety of such other occupants. Without limiting the foregoing, the University may exercise its reassignment rights hereunder if: (i) the conduct or living habits of the Resident or any Permitted Occupants have caused other occupants of the Premises or the Building to vacate or request reassignment to other University Housing; or (ii) if the University has received complaints from other occupants of the Premises or the Building attributable to the Resident or Permitted Occupants. Reassignments will occur only after a resolution/mediation is attempted and if availability exists for a reassignment. Such decisions shall be at the discretion of the Vice President - Student Affairs, Associate Vice President – Student Affairs, Director - Residential Education, or Director - USC Housing. Additionally, the University reserves the right to refer any instances of misconduct or disruptive behavior attributable to the Resident to the University's judicial procedures for further action. Pending the outcome of any such University disciplinary procedure, the University may require the Resident to be reassigned to other University Housing. The rights of the University set forth herein shall be in addition to those set forth in Section "J" below.

F. CHECK-OUT/FINAL INSPECTION

The Resident must vacate (and remove all personal belongings of the Resident contained within) the Premises no later than the date of the expiration of the Term set forth in Section "B" above or such earlier date specified to the Resident in a notice given to the Resident by the University in accordance with this Contract. Upon vacating, the Resident must return all keys to the Premises and the Building and Print Cards, if any, issued to the Resident by the University, in accordance with Section "O" below. After the Resident and all Permitted Occupants have vacated the Premises, the Premises shall be inspected by USC Housing Staff. The Resident and the Permitted Occupants shall be obligated to leave the Premises in a neat and clean condition, with all appliances, equipment, and furniture present, assembled, in-place, and in good condition and repair. In the event the University determines that a reassignment/relocation or move out on a temporary basis must occur on an urgent basis due to health and/or safety reasons, including without limitation, a Pandemic, the Resident may not have the opportunity to retrieve his or her personal property left by Resident in the Premises. In such event, the University shall have the right to pack, store and/or ship the Resident's belongings to the address designated by Resident, exercising reasonable care, including the engagement of professional moving services reasonably selected by the University, and the University shall not be liable for any loss or damage in connection with any such storage or shipment.

After the University has inspected the Premises, whether prior to or after the expiration of the Term, the University shall deliver to the Resident an invoice setting forth the amount owed by the Resident for cleaning and/or damage repair to the Premises. The Resident and the Permitted Occupants shall be jointly and severally responsible for the cost of all extraordinary cleaning which the University deems necessary to perform within the Premises; the repair of any damage to the Premises (including walls and fixtures); the repair, moving, reassembling, or replacing of furniture, appliances, or equipment located within the Premises; and any damage to the Common Areas or any other portion of the Building or other University Housing Facility. The Resident is responsible for and will be billed the cost of unreturned Print Cards, replacing or changing any locks or keys to the Premises as set forth in Section "O" below. Any charges for cleaning or damage to the Premises or any University property located therein shall be, in the University's discretion, either billed to the Resident's University Student Account or billed directly to the Resident. If the Premises are occupied by more than one occupant, the University shall divide such amounts due equally among each occupant of the Premises, or shall bill such amounts to the occupant which the University deems responsible for the charge.

In the event that the Resident desires to dispute any charge set forth on such invoice, the Resident must do so in writing to the appropriate Customer Service Center within thirty (30) days of the date of such invoice; after the expiration of such thirty (30) day period the invoice shall be conclusively deemed accurate, and any dispute raised by the Resident will not be entertained by the University.

G. TERMINATION OF CONTRACT

Requests by Resident for Release. Any request by the Resident to be released from this Contract must be made in writing directly to a USC Housing Customer Service Representative in the Housing Services Office. Because this Contract is a legally binding instrument, the University shall be under no obligation to release the Resident from its obligations hereunder. Nevertheless, the University, at its sole and absolute discretion, may release the Resident under the following circumstances:

- If the Resident participates in the USC Housing Renewal process (UHR) and requests cancellation of the Contract by March 6, 2020 the Contract may be terminated without forfeiture of the Confirmation Payment. Terminations between March 7, 2020 and May 1, 2020 will result in the forfeiture of the Confirmation Payment. Cancellation requests made May 2, 2020 or after are subject to the terms below.
- The Resident terminates their enrollment as a student in the University and provides written documentation of such to a Housing Representative. (Note: Non-enrollment or withdrawal from classes **does not** automatically cancel this Contract and is not applicable to Summer Residents.)
- The Resident enrolls in an academic program sponsored by the University that requires the Resident to reside away from the University campus (e.g., overseas studies, exchange programs). Confirmation payment will be refunded if USC Housing is notified of program participation by November 6, 2020.
- The Resident provides USC Housing with an application for University Housing from a "Qualified Replacement Resident" (defined below) who desires to occupy a space in University housing for the remainder of the Term, Housing accepts such application, and the Replacement Resident agrees to the terms of occupancy as set forth below.

A "Qualified Replacement Resident" is one who: (i) meets the eligibility requirements to occupy University Housing and the Premises; (ii) is not living in University Housing as of the date of the requested replacement; (iii) does not have a University Housing application on file for the Term of this Contract or the then-current academic year; and (iv) will be a registered student for the

remainder of the Term of this Contract (this requirement applies only if the Resident is a student of the University). In the event that the University approves a replacement request, such approval shall be conditional upon the Replacement Resident signing/electronically confirming a housing contract governing such occupancy identical in form and substance to this Contract, or otherwise acceptable to the University. In no event shall the University consider a replacement request if the Housing Services Office has a waiting list for University Housing. Requests for Contract release based on the Resident's provision of a Qualified Replacement Resident will not be accepted nor approved during the first fourteen (14) days, counting from and including the designated Check-In dates, of the Fall and Spring semesters.

Following the University's approval of a replacement request, should the Replacement Resident become voluntarily or involuntarily ineligible for University Housing for any reason, including without limitation, failure to register for classes in the University, withdrawal from the University, participation in an overseas studies, exchange, or semester-away program, financial hardship, or conduct issues, the Replacement Resident shall remain responsible for 10% of the Residence Fees payable under this Contract or the equivalent of thirty (30) days' Residence Fees, whichever is greater.

Cancellation Due to Replacement Release Wait-List. If the Resident desires to seek a Replacement Resident but does not offer an application for replacement from a Qualified Replacement Resident, the Resident may submit a written request to USC Housing for a Qualified Replacement Resident from a "Replacement Release Wait-List" maintained by USC Housing. The Replacement Release Wait List shall be governed by the procedures set forth herein; provided, however that the University reserves the right to amend, alter or revoke the Release Wait-List procedure entirely or on a case-by-case basis in the University's sole and absolute discretion, including without limitation existing vacancies in University Housing. The current procedures for administering the Replacement Release Wait-List are as follows:

1. The Resident must obtain a Replacement Release Wait List Request form from USC Housing. The completed form must be returned to USC Housing.
2. USC Housing staff shall place the request on the Replacement Release Wait List.
3. As USC Housing receives "walk-in" requests from individuals who meet the criteria of a "Qualified Replacement Resident" set forth above, USC Housing shall determine what type of University Housing, if any, the Qualified Replacement Resident is suitable for based on such factors as the University deems relevant (e.g., graduate vs. undergraduate student, gender, prior history of University Housing, the type of housing arrangement requested by the Qualified Replacement Resident, etc.). USC Housing shall then select from the Replacement Release Wait List the first Cancellation Request for which the Qualified Replacement Resident is suitable.
4. Notwithstanding the foregoing procedures, the Resident shall remain responsible for the payment of all Residence Fees until USC Housing notifies the Resident in writing of its approval of a Cancellation and Replacement and the Resident has checked out of the Premises as required under this Contract.

Regardless of the above circumstances, cancellation will not take effect until such time that the Resident receives an official Contract Release Authorization form and returns the keys to their assignment to the appropriate Customer Service Center in accordance with this Contract. All decisions regarding exceptions to this Contract are made by the Director of USC Housing and/or their designee.

Termination by the University. In addition to the University's rights to terminate the Contract under Section "J" below, the University shall also have the right to terminate the Contract in the following circumstances.

- **Failure to Check in and Abandonment.** If the Resident fails to check in to the Customer Service Center for their assignment to the Premises, or if the Resident checks-in but thereafter abandons the Premises, the Resident will nevertheless remain liable for the Residence Fees for the entire Term of this Contract, unless the Resident is released by the University, such release to be granted at the University's sole and absolute discretion. The University shall retain the right (but not the obligation) to terminate this Contract in the event that the Resident fails to check in as required under this Contract or later abandons the Premises. In the event of an abandonment, and if the Resident fails to remove the Resident's personal belongings after notice to remove the same from the University, the University shall have the right, at the expense of the Resident (to be billed to the Resident's University Student Account or as the University sees fit in its sole and absolute discretion directly to the Resident), to dispose of any personal property left in the Premises by the Resident. Additionally, in the event that the Resident fails to check in as required under this Contract or later abandons the Premises, the University shall have the right (but not the obligation) to enter into a contract with another resident for occupancy of the Premises.
- **Lack of Eligibility.** If the Resident does not meet the eligibility criteria set forth in Section "A" above, either at the time of the execution of this Contract, or at any time thereafter during the Term, the University shall have the right, upon written notice to the

Resident, to terminate this Contract and revoke the privilege of the Resident to occupy the Premises or any other University Housing Facility.

- **Emotional Distress.** The University shall have the right to terminate this Contract and require that the Resident vacate the Premises and all University Housing facilities if the University determines that the Resident's health prevents them from meeting the necessary eligibility criteria to continue to live in residence, with or without reasonable accommodation. In all such cases, determination shall be made by the Vice President, Student Affairs or their designee on an individualized basis. In cases of serious emotional crises or incidents of alcohol overdose, substance abuse, eating disorders that present a substantial risk of harm to the Resident, self-harming conduct and/or suicide ideation that is disruptive to other residents' peace and enjoyment and/or presents a substantial risk of harm to the Resident, or other similar behavior, the University shall have the option, but not the obligation, to permit the Resident to remain in University Housing subject to a "behavioral contract" containing such specific provisions as the University deems appropriate in such circumstances. Such behavioral contract shall, without limitation, entitle (but not require) the University to monitor the Resident's situation and/or conduct. Without limiting the foregoing, if the Resident has attempted suicide, engaged in suicide ideation, threatened suicide, or written suicide notes, the University shall have the right to require that the Resident receive specific permission to remain in University Housing from the Vice President, Student Affairs or their designee following an individualized assessment of the Resident's situation including consideration of available medical and other evidence. Such permission will normally require the Resident to provide an assessment and recommendation from a qualified psychological or medical practitioner as to the Resident's condition and/or fitness for occupying University Housing. The University may require the Resident to be assessed by University Health Services.
- **Conduct.** The University shall have the right to terminate this Contract and require that the Resident vacate the Premises and all University Housing facilities if the University determines that the Resident's conduct is not suitable or appropriate for University Housing. Without limiting the foregoing, the University may exercise its termination rights hereunder if: (i) the conduct or living habits of the Resident or any Permitted Occupants have caused other occupants of the Premises or the Building to vacate or request reassignment to other University Housing; (ii) if the University has received complaints from other occupants of the Premises or the Building attributable to the Resident or Permitted Occupants; or (iii) if the continued occupancy of the Premises by the Resident creates, in the University's sole and absolute discretion, a clear and present danger to other occupants of the Premises or the Building, in which event, upon the request of the University, the Resident shall vacate the Premises entirely on a "same day" basis. Such decisions shall be at the discretion of the Vice President - Student Affairs, Associate Vice President - Student Affairs, Director - Residential Education, or Director - USC Housing. Additionally, the University reserves the right to refer any instances of misconduct or disruptive behavior, including online activity involving electronic mail or social media, attributable to the Resident to the University's judicial procedures for further action.
- **Damage to Premises.** The University shall have the absolute right to terminate this Contract and require that the Resident immediately vacate the Premises if the University, in its sole and absolute discretion, determines that the Premises has been damaged in such a manner as to make it unsafe or unfit for habitation. The cause of such damage allowing the aforementioned action by the University may include, but shall not be limited to, the following: riot, insurrection, martial law, civil commotion, act of war or terrorism, fire, flood, earthquake, or other casualty or act of God.
- **Compliance with Laws/Best Practices.** The University shall have the absolute right to unilaterally cancel, suspend, revoke or otherwise terminate this Contract, even if the Resident has not defaulted or breached any provision under this Contract, whether prior to or after the Check-In Date, if the University, in its sole and absolute discretion, determines that such cancellation, suspension, revocation or termination is necessary for the University to comply with applicable laws and/or its best practices during a Pandemic or to otherwise respond to exigent circumstances. Except for emergencies where prior notice is impracticable (in which case the cancellation, revocation, suspension or termination shall be effective upon delivery of such notice), (1) if such cancellation or termination occurs prior to the Check-In Date, the University shall give notice of same to Resident at least sixty (60) days' prior to the scheduled Check-In Date; and (2) if such cancellation, suspension or termination occurs after the Check-In Date, the University shall give notice of cancellation or termination at least seven days prior to the requested move-out date (the "Requested Move-Out Date"). Except as otherwise specifically provided in this Contract, upon cancellation or termination of this Contract by the University due to no fault of Resident, the University agrees to refund the Confirmation Payment (if the termination occurs prior to the Check-In Date) and any prepaid rent prorated and attributable to the period (a) of non-occupancy of the Premises (if termination occurs prior to the Check-In Date) or (b) after the Requested Move-Out Date.

H. PRE-OCCUPANCY TERMINATION/CANCELLATION FEE

In the event that the Resident cancels this Contract with the authorization of the University prior to taking occupancy of the Premises, the University shall be put to a certain amount of expense in securing a replacement occupant or reassigning the Permitted Occupant who was previously to be assigned to the Premises, the precise amount of which is difficult and impracticable to ascertain.

Accordingly, the Resident agrees that, in the event that the Resident cancels this Contract prior to the date on which the Term is to commence and the University authorizes such cancellation, the Confirmation Payment will be retained by the University as a "Cancellation Fee." Any such cancellation must be in writing and received by USC Housing prior to the commencement of the Term. If the University authorizes a cancellation of this Contract subsequent to the commencement of the Term but prior to the Resident taking occupancy of the Premises, the University shall be entitled to retain, and the Resident shall be obligated to pay, as a Cancellation Fee, the Confirmation Payment plus the full amount of the Residence Fees prorated up to the date upon which the University authorizes such cancellation, including any portion of the Confirmation Payment credited to the Resident's account during the semester in which the cancellation is granted. Failure to make this payment shall constitute a material breach of this Contract, and shall entitle the University to exercise its rights and remedies as set forth in Section "J" below. The Resident acknowledges that the foregoing Cancellation Fee amounts are reasonable estimates of the additional cost and expenses which the University has to incur in the event of an authorized pre-occupancy cancellation of this Contract by the Resident. The Resident further acknowledges that the provisions of this paragraph shall not apply to a termination of this Contract by the Resident which is not specifically authorized by the University, or billed directly to the Resident.

I. BREACH OF CONTRACT BY RESIDENT

Any failure of the Resident to comply with the terms and conditions of this Contract shall be referred to herein as an "Event of Default." Any of the following shall constitute an Event of Default by the Resident under this Contract: (i) the Resident fails to pay any Residence Fees or other amount due to the University under this Contract, and such failure continues for a period of three (3) days after notice of such failure from the University; (ii) the Resident terminates this Contract without the authorization of the University, whether or not the Resident has taken occupancy of the Premises as of the date of termination; (iii) violation of any rules, regulations, or policies set forth in "SCampus," all of which shall be deemed incorporated into this Contract by reference as though fully set forth herein (by executing this Contract, Resident acknowledges receipt of SCampus and represents and warrants that Resident has fully reviewed the contents of SCampus and fully understands and agrees to abide by the same); or (iv) the Resident has otherwise breached or failed to comply with the terms and conditions of this Contract. Any breach of the terms and provisions of this Contract shall entitle the University to exercise such remedies as are set forth in Section "J" below.

J. REMEDIES FOR BREACH OF TERMS OF CONTRACT

1. Following any Event of Default, the University may exercise any and all legal and/or equitable rights against the Resident, including without limitation the right to recover all damages resulting from such Event of Default. The Resident hereby expressly acknowledges and agrees that any sums owing to the University by the Resident as a result of any Event of Default by the Resident may in the University's discretion, be billed to the Resident's University Student Account (if the Resident is a student), which shall be subject to payment on such terms and conditions as are generally established by the University, or billed directly to the Resident.
2. Without limiting the foregoing, in the event that Resident causes or contributes to any damage or defacement occurring to the Premises, the Common Areas, the Building, or any University Housing Facilities (including, without limitation, elevators, lounges, study rooms, kitchens, and bathrooms), the University shall, in its sole and absolute discretion, assess all costs and expenses, direct or indirect, incurred by the University in repairing or correcting such damage or defacement, or any portion thereof, against (a) the Resident, if the University determines that such damage or defacement is attributable the Resident or the Resident's guest, (b) the Resident and the Permitted Occupants if the University determines that such damage or defacement is attributable to the Resident and/or one of the Permitted Occupants, or (c) all or any number of the occupants of the suite, floor, hall or Building in which the Premises are located, including without limitation the Resident, if the University determines that such damage is attributable to one or more of such residents or their respective guests, but is unable to determine which particular individuals are responsible therefore.
3. In addition to any other remedies set forth in this Contract, if any Event of Default is caused or committed by the Resident under this Contract, the University in its sole and absolute discretion, shall have the right to terminate this Contract upon written notice to Tenant, in which event Tenant shall immediately vacate and relinquish possession of the Premises to the University in accordance with this Contract. In the event of such a termination of this Contract, the Resident will be responsible for all unpaid Residence Fees accruing under this Contract and attributable to the Term of this Contract, including without limitation all Residence Fees accruing after the date of termination of this Contract up through the date on which the Term would otherwise have expired. In this regard, the University shall be entitled to recover from the Resident the worth at the time of the University's award of damages from the Resident hereunder of the amount by which the unpaid Residence Fees for the balance of the Term after the time of such award exceeds the amount of such Residence Fees loss which the Resident proves could be reasonably avoided by the University, and the Resident shall be deemed to have forfeited any remaining Confirmation Payment balance.

4. In addition to any other remedies provided in this Contract, in the case of an Event of Default by Resident under this Contract, the University, in its sole and absolute discretion, shall have the right to terminate one or more of the Resident's privileges to utilize any University facilities, including without limitation the right to suspend or revoke the Resident's dining privileges under the Meal Plan.
5. In addition to any other remedies set forth in this Contract, in the event that the Resident is determined to have used, possessed, distributed, or assisted any other person in using, possessing, or distributing any drugs, narcotics, or other substances which are dangerous or are illegal under the any Federal, State, or local law or regulation, or firearms in the Premises, in the Building, or on any other University property, the Resident shall be subject to either or both of the following: (a) immediate eviction from the Premises and termination of this Contract; and (b) disciplinary action by the University in accordance with applicable University policies and procedures, including without limitation expulsion from the University. Additionally, the University shall have the right to refer any such action by the Resident to appropriate Federal, State, or local law enforcement officials for further action.
6. In addition to any other remedies set forth in this Contract, the Resident acknowledges that the University may, at its sole and absolute discretion, refer any Event of Default under this Contract to the University Student Conduct System for further investigations and/or proceedings in accordance with University policies and procedures.
7. ***The Resident expressly agrees that the University shall have the right to withhold grades, registration privileges, transcripts, and other requested records, and/or diplomas or degrees until the Resident has fully complied with all terms of this Contract to the University's satisfaction. Failure to comply with any of the terms of this Contract, University Housing policies, or policies found in the "SCampus," or set forth by Hospitality Services may be cause for eviction, termination of Dining Service privileges and/or appropriate judicial action by the University against the Resident.***
8. Nothing in this Section shall limit the right of the University to protection from liability or damage resulting from the Resident's default under this Contract. It is understood and agreed that the Resident shall indemnify, hold harmless and defend the University from any and all loss, cost, liability, damage and expense, including attorneys' fees, incurred by the University in defense of third party claims, arising out of or related to the default by the Resident under this Contract, or the maintenance, use or occupancy of the Premises or the Building by the Resident and/or the Resident's guest(s) or invitee(s).

K. WAIVER/SEVERABILITY

The waiver by either party of a breach of any provisions of this Contract shall not operate or be construed as a waiver of a subsequent breach or a waiver of any other provisions of this Contract. In the event that any particular provisions of this Contract is found to be unenforceable or illegal, such finding shall in no way affect the enforceability of any other provision of this Contract.

L. RESIDENCE FEES

Application Processing Fee. In consideration of the Application Processing Fee and subject to availability, Housing will assign the Resident to a designated University Housing unit for the full Term of this Contract. The University will not make an assignment to University Housing unless the Resident pays the Application Processing Fee in-full at the time of submission of a completed application to Housing or gives written authorization to charge the Resident's student account. This fee is **non-refundable under any circumstances**.

Confirmation Payment. Once the University offers an assignment and the Resident decides to accept and sign the Contract, a Confirmation Payment is required, in full, at the time of submission of the signed/electronically confirmed Contract. Subject to the Resident's compliance with the terms and provisions of this Contract, the Confirmation Payment will be credited toward the Residence Fees on a pro-rata basis of fifty percent (50%) for each semester for contracts two semesters in length and in its entirety for contracts of one semester or one Summer Housing contract period in length, as long as the Resident fulfills the terms of the Contract. If the University authorizes a cancellation of this Contract subsequent to the Resident's acceptance of the Contract, the University shall be entitled to retain, and the Resident shall be obligated to pay as a Cancellation Fee, the Confirmation Payment in its entirety, excepting any portion credited to the Resident's account during the semester prior to which the cancellation is granted.

Rent. The Resident shall pay to the University all payments due. Payments shall be made according to timelines and instructions issued on the Resident's University Student Account issued by the University Cashier's Office or other University-designated office, or as otherwise set forth on the Contract Summary. Except for the circumstance listed below, or unless otherwise indicated by the University Cashier's office or other University designated office, all payments shall be prorated.

- For assignments billed once per month, the prorated payment will be determined by dividing the monthly rent by the number of nights in the month for which the rent is being prorated.

- For assignment billed once per semester, the prorated payment will be determined by dividing the semester rent by the number of nights in the semester.

Exception: Should the Premises be billed once per month, and the Resident requests and is granted a release from a full academic year Contract at the end of the Fall semester, there will be no proration of any rent payments for the month of November. Residents who request and are granted release from full academic year contracts will need to vacate the Premises on or before November 25, 2020.

Utilities. If the Premises are a Residence Hall, the charges for utilities (water, power and gas) shall be included in the Residence Fees. If the Premises are an apartment building, in some instances utility charges will be included in the Residence Fees, while in other instances the Resident will be obligated to pay utility charges directly to the University. Such charges will appear on the Resident's student account. In the event that the Premises are occupied by more than one person, the University shall use reasonable efforts to allocate utility charges equally among all occupants assigned to such Premises in an equitable manner, such allocation to be conclusive and binding upon all such occupants.

Meal Plans. When assigned to Premises with a required meal plan, the Resident shall be obligated under this Contract to pay the cost of the meal plan as part of the Residence Fees. Required meal plans are mandatory and may not be canceled by the Resident. Failure of the Resident to use all of the meals or Dining Dollars offered in such meal plan shall not entitle the Resident to any refund or credit. Further specifics pertaining to required meal plans are set forth in Section "M" below.

Telephone Service. Landline telephone service is not provided in University Housing Facilities. All University Housing Facilities are equipped with common area emergency phones in lieu of active phone lines in individual rooms or apartments. The Resident may, at the Resident's own initiative and expense, establish landline telephone service. If the Premises are an off campus apartment, phone service must be established with designated outside providers. If the Premises are on campus, activation of phone lines in individual rooms or apartments can be requested through USC Housing for an additional fee.

Parking. There are limited parking spaces available and parking costs are not included in the Residence Fees. The Resident may apply for a University parking permit from USC Transportation Services.

Payment of Residence Fees.

- **Residence Halls.** If the Premises are located within a Residence Hall or suite-style building, the Residence Fees shall be due and payable to the Cashier's Office prior to the Fall and Spring semesters with the Resident's confirmation of enrollment for the Fall and Spring semesters, or at such other time as may be designated by the University Cashier's Office or the Housing Services Office.
- **Apartments.** If the Premises are an apartment for which rent is charged on a monthly basis, Residence Fees shall be due and payable to the Cashier's Office at such other times as may be designated by the University Cashier's Office or the Housing Services Office. If the Premises are an apartment for which rent is charged once per semester, the Residence Fees shall be due and payable to the Cashier's Office prior to the Fall and Spring semesters with the Resident's confirmation of enrollment for the Fall and Spring semesters, or at such other time as may be designated by the University Cashier's Office or the Housing Services Office.
- **Summer Occupants.** If the Resident is occupying the Premises for the summer all Residence Fees must be pre-paid to the University Cashier's Office or the Housing Services Office prior to the Resident's taking occupancy of the Premises.
- **Deferment.** If the Resident is a student and is awaiting receipt of a financial aid award and/or scholarships, the Resident may make arrangements with the University's Financial Aid Office to execute a deferment in an amount equal to the entire Residence Fee balance for the current semester, excluding the Confirmation Payment which must be paid to USC Housing directly upon submission of a signed/electronically confirmed Contract.
- **Partial Payment.** The Resident hereby acknowledges that acceptance by the University of payment of delinquent Residence Fees shall not constitute a waiver of the University's right to exercise such rights and remedies as the University is entitled to under Section "J" above for failure to pay such Fees, including without limitation the University's right to terminate this Contract for failure to pay Residence Fees.

Notwithstanding anything to the contrary herein, during a Pandemic, Resident may not be able to occupy the Premises, Resident's right to use Common Areas or other facilities in the University Housing Facility or the University campus may be significantly restricted and/or certain utilities and/or meals under a Meal Plan may not be available to Resident. Furthermore, during a Pandemic, certain companies or staff contracted by the University to provide certain services to the University Housing Facilities may

not be available or significantly limited. Resident acknowledges that in the event of such absence, restricted or interrupted services associated with Resident's right to occupy the Premises, although the University may choose to refund a portion of Residence Fees associated with such interruptions at its sole and absolute discretion, the University shall not have the obligation to do so.

M. REQUIRED MEAL PLANS

When the Resident is assigned to a Residence Hall with a required dining plan ("Meal Plan"), all terms and provisions of this Contract, including those pertaining to the conduct of the Resident, shall apply to the Resident's use of the dining facilities. Meal Plans are nonrevocable and nonrefundable in Housing facilities with a required Meal Plan. As of the date of this Contract, the following facilities have required Meal Plans: Arts and Humanities Residential College, Birnkrant, Cale and Irani Residential College, Cardinal Gardens, Century Apartments, Cowlings and Ilium Residential College, Fluor Tower, International Residential College at Parkside, Marks Hall, Marks Tower, McCarthy Honors College, McMorro Residential College, Nemirovsky and Bohnett Residential College. New North Residential College, Pardee Tower, Parkside Apartments, Trojan Hall and Webb Tower. Freshman residents, regardless of the Housing facility to which they are assigned, will have a nonrevocable and nonrefundable required Meal Plan.

Meal Plan Cancellation. Should this Contract be canceled through USC Housing, it is the sole responsibility of the Resident to notify the USCard Office of such cancellation in order to receive a refund of any portion of the cost of the Meal Plan. If the Resident fails to comply fully with the cancellation procedures set forth above, or if the Resident fails to register for class with the University or to check in to the Premises, or to use the Meal Plan, the Resident will nevertheless be bound to all terms and conditions and be responsible for all fees associated with the Meal Plan for the entire academic year. Meal Plans required by assignment to a specific facility may not be canceled separate from cancellation of this Contract.

Meal Plan Use. The Resident's rights under the Meal plan are personal to the Resident and may not be sold, assigned, or otherwise transferred to any other person. The Resident shall not be entitled to any refund or credit for the Resident's failure to take any meal or to use any Dining Dollars offered under the Meal Plan. If the Resident desires to change the Meal Plan, such change must be directed in writing to the USCard office during the first two weeks of Fall or Spring Semester. No changes shall be granted after such date.

N. RESIDENTIAL STANDARDS OF CONDUCT

By executing this Contract and accepting an assignment to University Housing, the Resident is agreeing to become a member of a residential community, to abide by any particular rules and regulations applicable to such particular residential community, and to behave in a manner which does not materially or adversely interfere with other occupants' use and enjoyment of the Premises or Building or other University Housing Facilities. Certain University Housing Facilities may have particular rules, regulations, or supplemental contractual provisions governing occupancy of such Facilities. Such agreements include supplemental "roommate contracts" facilitated by Residential Education staff for the purpose of resolving roommate conflicts. The Resident shall be required to abide by the terms of any such rules, regulations, or supplemental contract. Failure of the Resident to abide by the same shall constitute a breach by the Resident under this Contract, in which event the University shall be entitled to reassign the Resident to different University Housing Facilities, and/or to exercise the University's rights and remedies set forth in Section "J" above.

Hall and Floor Meetings. Residents are responsible for attending and participating in all Building, community, hall and floor meetings.

Harassment. By consenting to the Contract, the Resident agrees to abide by all student policies on sexual, interpersonal and protected class-misconduct as outlined in the USC Student Handbook (SCampus, Part E).

Personal Care. Residents are responsible for their own self-care and personal needs.

Resident Behavior. Residents must refrain from actions that violate the University Student Conduct Code, disrupt the normal functioning and operation of University Housing, or pose a significant risk of harm to the community.

Residential Dining Hall Behavior. Residential Dining Halls (USC Village Dining Hall, Parkside Restaurant and Everybody's Kitchen) are a part of the Residential Community. Residents and guests are required to comply with all policies and regulations outlined in both the USC Housing & Hospitality Services Contract & Living Agreement and SCampus. The following behaviors in the Dining Halls are prohibited:

- **Verbal Abuse of Staff.** Verbal threats, use of profanity, abusive name-calling and failure to comply with staff direction are prohibited.
- **Possession or Use of Alcohol or Drugs.** Possession of alcohol or drugs, including entering the Dining Halls under the influence of alcohol or other drugs, is prohibited.
- **Vandalism or Theft.** Vandalism, and theft, including the removal of silverware, dishes etc. from the Dining Halls, are strictly prohibited.

USC Village Dining Hall, Parkside and Everybody's Kitchen are all-you-care-to-eat facilities. Residents and guests may eat as much as they would like, however food is not permitted to be taken outside of the facilities. An exception is made for one piece of fruit or one dessert item (one pastry, one frozen yogurt cone, etc.)

Staff Direction. Residents and their guests are required to comply with official requests of University staff members including all Housing and Residential Education staff. Failing to answer doors, being uncooperative or verbally abusive, failing to provide information/identification, providing false information/identification, or otherwise interfering with staff are all prohibited.

O. RULES GOVERNING ROOM USAGE

By executing this Contract and accepting an assignment to University Housing, the Resident is agreeing to abide by any particular rules and regulations regarding the use of such Premises or Building or other University Housing Facilities during the term on this Contract. Failure of the Resident to abide by the same shall constitute a breach by the Resident under this Contract, in which event the University shall be entitled to reassign the Resident to different University Housing Facilities, and/or to exercise the University's rights and remedies set forth in Section "J" above.

Cleaning and Housekeeping. The Resident is responsible for maintaining the Premises as a clean, sanitary and non-hazardous living environment and emptying personal trash in the University designated dumpsites or trash rooms provided. If the Resident shares the Premises with other Permitted Occupants, all such Permitted Occupants, including the Resident, shall be jointly responsible to clean all common areas of the Premises, and the Resident and each Permitted Occupant shall be responsible for cleaning their own room. (Bathrooms in Fluor Tower, Parkside International Residential College and Arts and Humanities Residential College and McCarthy Honors College suites are cleaned by the University. It is the responsibility of Residents living in these communities to prepare the bathrooms for the weekly cleaning by clearing countertops and showers.)

Bathroom Policy. Except for designated gender-inclusive housing areas, common area bathroom facilities serving multiple residents are all single gender.

Common Area Usage. The hallways, passageways and stairwells, lounges, gyms, classrooms, computer rooms, laundry rooms, lobbies, gym elevators, common restrooms, food or drink vending facilities, lawns and other common areas are collectively referred to herein as the "Common Areas." Common Areas are reserved for the use of Building residents. The use of Common Areas by non-residents is limited and up to the sole and absolute discretion of USC Housing and Residential Education.

Hallways must be kept free of obstructions. Sleeping in lounges or other Common Areas is prohibited, unless that area has been designated by USC Housing as temporary housing or is in conjunction with an official hall-sponsored event. Use of Common Areas for group activities requires prior written approval from Residential Education staff.

At no time shall the Resident or any other occupants of the Premises place or store any personal property or other items in the Common Areas in the Building. The University shall be entitled to assess a reasonable administrative fee against the Resident

(or, in the University's discretion, all occupants of the Premises, Building, Floor or Wing, including the Resident, on a pro rata basis), for the removal (and, if applicable, storage) of any personal property or other items placed in the Common Areas by the Resident or the other Permitted Occupants of the Premises.

In University Residence Halls, although University custodial service is provided for certain portions of the Common Areas, it is the shared responsibility of all occupants thereof, including the Resident, to keep the Common Areas in a clean and orderly state. Deliberate acts by the Resident that create litter or disarray, or remove furnishings or property from Common Areas are subject to an administrative fee for replacement and repair, and constitute grounds for disciplinary action within University policy. In the University's discretion, the University may assess an administrative fee against all occupants of a particular Premises, floor, or Building on a pro rata basis for cleaning of Common Areas beyond normal maintenance.

Vacant Space Usage. The University shall have the right to assign an eligible student to any vacant space in University Housing without the prior approval or notification of the current residents of the Premises.

The Resident shall be permitted to occupy only that portion of the Premises contracted to them. If the Premises are designed as a shared space and the Resident has taken possession (through behavior or property placement) of space within that Premises which is not covered by this Contract, the Resident agrees to pay an additional fee equal to the daily rate of that space for each day the resident does not take corrective action to make the space available as indicated by USC Housing.

Assignment and Subletting. The assignment of the Resident's rights under this Contract, or the subletting of all or a portion of the Premises, to any other person is prohibited.

Guest Policy. A "guest" is defined as any individual not assigned to a particular room or apartment. Typically, the Resident is entitled to have guests, including an overnight guest (considered any guest who is at the Premises during Quiet Hours as defined below), on the terms and conditions set forth in this paragraph. However, Resident expressly agrees that no guests will be permitted in the Premises during the pendency of the COVID-19 Pandemic, as determined by the University. Should the no-guest policy change (which is at the University's sole and absolute discretion), guests may only be permitted in the Premises on the following terms and conditions:

All guests must comply with all terms and conditions of this Contract, and must respect the rights of others to the quiet use and enjoyment of the Premises or the Building. The Resident must accompany their guest at all times. The Resident shall be fully responsible for the conduct of their guests and for informing the guest of any University rules and regulations pertaining to conduct within the Premises or the Building. Guests of the Resident will not be allowed to arrive prior to or stay after the Contract start and end dates.

In the event that the Resident desires to have an overnight guest in the Premises, in addition to the provisions set forth in the preceding paragraph, the following shall apply. The Resident must register the guest with the Customer Service Center or its designated agent. Upon registration, the guest will be issued a guest pass which must be carried while in the Building. If the Premises are occupied by more than one person, the approval of all occupants of the Premises shall be required prior to the Resident's permitting an overnight guest to stay in the Premises, and the overnight guest may only occupy the Resident's room during the visit. An overnight guest may not stay in the Premises for more than three (3) consecutive nights and may only do so twice within a month. Each Resident is allowed a maximum of two (2) guests at any single time in the Residence Halls and Suites. This provision shall apply with equal force to any personal property that the Resident leaves in or about the Premises following the Resident's Check-Out from the Premises or due to a Pandemic Relocation or Pandemic Move-Out. If the Resident desires protection for any personal property, the Resident must obtain personal property loss insurance from an independent insurance carrier at the Resident's sole cost and expense.

2020-2021 HOUSING & HOSPITALITY SERVICES CONTRACT & LIVING AGREEMENT COVID-19 HOUSING ELIGIBILITY ADDENDUM

The 2020 Pandemic has radically changed campus life at USC. As students begin to return to modified in-person, on-campus academic programs, the housing options USC will offer its students must be modified, as well, in order to facilitate the safety of all members of the Trojan Family. These Eligibility Criteria are designed to ensure that all students living in University Housing are able to navigate the new setting. Students wishing to live in USC housing are encouraged to consider their social/emotional needs, risk of infection, personal tolerance of possible exposure to COVID-19, and overall housing needs in relation to USC Housing's eligibility criteria prior to signing the Housing & Hospitality Services Contract & Living Agreement. Please understand that USC cannot guarantee any student's personal safety despite the reasonable measures the campus is undertaking.

In order to be eligible to live in USC's University Housing, students must meet these eligibility criteria throughout the duration of the housing contract. The ability to meet eligibility criteria is a prerequisite for occupation of the Premises. If at any time a student finds that they are no longer able to meet these criteria, they must notify the University.

Students with an approved accommodation of an Assistance Animal are expected to have a two-week supply of food for the animal and have a viable Care Plan that includes a relocation plan in the event of isolation or quarantine for animals that may need to be taken out of the residence to relieve themselves. USC will work with students with Service Animals to similarly develop a Care Plan. Prior to enrollment, the student will need to discuss with Disability Services and Programs how they can effectively quarantine or isolate while caring for the animal.

Students are not eligible to live in University Housing unless they meet these Eligibility Criteria. Students living in University Housing may be subject to additional health and safety precautions as prescribed by USC personnel or local, state or federal public health officials.
