## Housing Preferences

**7. Please fill in the codes for your preferred building, room type and special interest program. Codes for buildings, room types and special interest programs are listed online at [housing.usc.edu](https://housing.usc.edu) or in our Living at USC brochure.**

Review the building preferences you have listed to verify that they are available to you based on your class standing. Please note that spaces are limited in residence halls and single-occupancy apartments. We recommend that each applicant list a variety of building preferences and room types. We will make every effort to accommodate your building and room type preferences in the order you have listed them. Examples of how to list your preferences are provided.

**8. Do you wish to be considered for Gender Inclusive housing?**  No  Yes

A supplemental application available from the Office for Residential Education (<https://resed.usc.edu/resources/special-interest-housing/>) must be submitted and approved for assignment to gender inclusive spaces.

**10. Important! Your application must be signed in order to be processed.**

I have read the housing application instructions and understand that this application is only for housing at USC for the 2020-2021 academic year. I understand that my \$55 application processing fee must be attached to this application for it to be processed; this fee cannot be waived. I also understand that submitting this application initiates an assignment to university housing, and that subsequent rent charges will be billed to my student account after a contract is generated. The choices listed are preferences only. USC Housing Services will make every effort to honor building choices, roommate requests and smoking preferences, but cannot guarantee them. I also understand that submitting this housing application does not guarantee me a space in USC housing.
