____ I have previously signed or electronically confirmed a USC housing contract, but meet the qualification and deadlines for release from my contract and now request cancellation of my contract. (Not applicable to Spring 2019)

Cancellation Terms and Additional Information:

This cancellation form applies only to applications or contracts prior to the start (or move in) date of the term being considered. Request for release from a current contract must be done on the appropriate form available at the USC Housing central office.

Contract cancellations are granted to students who meet the qualification and deadlines specific to the term of the contract. Such qualifications are limited and vary according to the term of the contract.

Contract Confirmation Payments will only be refunded when cancellation requests are received and granted prior to the established deadlines for the term of the assignment being cancelled. In ALL cases the application processing fee is non-refundable.

Cancellation of your contract will affect your priority status for housing in the future. If you reapply for USC housing, you will be placed in the last category to be offered housing and then only if spaces are available.

Please refer to the Living Agreement document presented at the time of contracting for terms and conditions related to cancellation of signed contracts and refunds of Contract Confirmation Payments.
