
Your undergraduate years at USC may be your first experience living away from home or your first time in a new city—possibly even a new country. It will be in an exciting new environment.

Choosing to live on campus can enhance and expand your college experience. You’ll be exposed to innovative ideas, keep a different schedule and make new friends. This new lifestyle will be a change and a challenge, but it will also be memorable and exciting. This booklet can help you with one of your biggest decisions—determining where to live. You will find descriptions of USC’s freshman (first-year) housing facilities and our many Living Learning programs. You will also learn about meal plans, parking and how to select your roommate.

Why live in university housing? Because you will be close to your classes, USC libraries, and the student organizations and events that make campus life rewarding. Your years at USC will be enriched by your fellow residents—a mix of students from places as divergent as Brooklyn, Bangkok and Boise. You will make friendships that will last a lifetime.

See what we have to offer. Welcome to USC Housing!

Deciding Where to Live

With all the buildings and room accommodations USC housing offers, you will want to make an informed decision. This section will help you find the housing that’s right for you.

Housing Preferences

Should you live in a suite, apartment or residence hall? Your preference will depend on the lifestyle you enjoy. Each type of housing provides Resident Assistants, Faculty in Residence, mentors, and programming and activities.

Keep in mind that no matter where you live, the quality of your experience depends largely on your participation.

The USC Housing Advantage

With university housing at USC, you have...

- No commute
- Faculty involvement
- Community activities and programs
- Rent payable via university student account
- A Department of Public Safety (DPS) that operates 24 hours a day
- A computerized entry monitoring system
- Live-in staff available seven days a week
- Free cable TV and WiFi connections
- No extra rent to pay if your roommate leaves
- Easy access to libraries, the Lyon Recreation Center and other campus facilities
- Free USC bus and ride service
- Maintenance service available 24/7 for emergency repairs
- The option to be reassigned to different housing
- Multiple workout areas with state-of-the-art equipment
- Laundry facilities
Housing for Freshman (First-year) Students

USC’s housing for new undergraduates is designed to create communities where students live and study together, socialize over meals in our residential dining facilities, and adjust to college life. Numerous programs and activities keep residents involved and help them make friends.

USC Housing considers you a freshman if you are a recent high school graduate with no college experience. Students younger than 18 may wish to consider living in a smaller community rather than one of the larger, suite-style buildings.

Residence Halls
Located within two residential colleges, New North and South, USC’s residence halls offer convenient access to university resources. The approximately 1,100 spaces in these buildings are available primarily for first-years.

Living here offers the traditional collegiate housing experience. Students stay in double-occupancy rooms and share community bathrooms, lounges, study rooms and workout areas. This format, along with the rich history of some of these buildings, makes residence halls a very popular choice. They usually fill quickly, so apply early!

Suites
USC has three suite-style buildings: the Parkside Arts & Humanities and International Residential Colleges on campus and McCarthy Honors College in the USC Village. These offer approximately 1,300 spaces for incoming first-years.

Suite floor plans vary by building and are made up of two to four rooms, either single or double occupancy, with one large or two smaller bathrooms. Some, such as those in the International Residential College, also have a small common area.

Apartments
Freshmen may request apartments that are part of on-campus residential colleges located in Webb Tower and Parkside Apartments. They may also choose Cardinal Gardens or the Cale and Irani Residential College located close to campus. These buildings are primarily for upperclassmen, so spaces for freshmen are limited. (See page 21.) Approximately 700 spaces are designated for first-years.
Choosing university housing means more than just putting a roof over your head. USC strives to provide its students with pleasant living environments that include many special features.

**General Amenities**

All USC housing units provide high-speed, wireless internet connections and cable TV with HD and premium stations. Rent includes electricity, gas and water costs. Laundry facilities are available in all buildings, operated by either credit or debit card—there’s no need to stock up on quarters in order to have clean clothes. Most buildings have recreational spaces, study lounges and other common areas.

**Furnishings**

All university housing facilities are furnished. Every resident is provided with an extra-long twin bed (36" X 80"), desk, desk chair, three-drawer dresser and closet space. For information about ordering linens for extra-long twin beds, see page 6.

All residence hall rooms and suite bedrooms also come with a microfridge (a small refrigerator-and-microwave combination unit).

**Students With Disabilities or Requesting Specific Accommodations**

The Office of Student Accessibility Services (OSAS) facilitates disabled students’ full participation at USC. Students must register with and be approved by OSAS and complete a housing application to be eligible for specific housing considerations. Please contact OSAS and USC Housing as early as possible if you have specific housing requests based on medical needs.

Housing for students with disabilities is available in several locations, accommodating different levels of access. Because of the high demand and limited supply of this housing, USC cannot guarantee assignment to a specific building or room type. USC Housing works closely with OSAS to assign students with special needs to appropriate accommodations, based on availability and OSAS’s recommendations.

**Office of Student Accessibility Services**

3601 Watt Way, #120 (GFS)
**Phone:** (213) 740–0776 | **Email:** OSASFrontDesk@usc.edu

---

**Floor Plans**

**RESIDENCE HALL DOUBLE**

**Buildings:** Birnkrant, New North, Marks Tower, Pardee Tower

**Occupancy:** 2

This accommodation consists of a furnished room used for both studying and sleeping. A gender-specific community bathroom is located on the same floor. Approximate dimensions of these rooms are 12' by 15'.

**TWO-BEDROOM APARTMENT**

**Buildings:** Cardinal Gardens, Cale and Irani Residential College, Webb Tower

**Occupancy:** 4

This floor plan includes a living room, two double occupancy bedrooms, a bathroom and a full kitchen with a stove and refrigerator.

**SUITE**

**Buildings:**

International Residential College, Arts & Humanities Residential College

**Occupancy:** 5, 6, 7 or 8

Most suites in these buildings have four double rooms to accommodate eight residents (pictured). However, the International Residential College has a variety of suite types, some of which include both single and double rooms. All suites have two bathrooms.

**LOFTED SUITE**

**Buildings:** McCarthy Honors

**Occupancy:** 4

This suite type consists of a full bathroom and two small bedrooms with lofted beds; a desk and dresser are placed underneath each bed.
SUITE
Buildings: McCarthy Honors
Occupancy: 4
Accommodating four residents, this plan has two double rooms, a small entryway with seating and two full baths.

SUITE
Buildings: McCarthy Honors
Occupancy: 3
Three residents share this suite consisting of a single and a double room, a small entryway and a full bath.

SUITE
Buildings: McCarthy Honors
Occupancy: 8
This large suite has four double occupancy rooms, two full baths and a common area.

Furniture
Every resident in USC Housing is provided with:
- One twin bed (extra long, 36” X 80”)
- One desk with chair
- One three-drawer dresser

USC housing offers a wide variety of floor plans. The illustrations presented here show typical configurations. However, actual layouts and dimensions will vary among buildings that share the same basic floor plans.

More individualized plans and photos can be found on our website: housing.usc.edu
Items to Bring to Campus

Do
Bring with you:
- Towels
- Blankets
- Bedspread or comforter
- Sheets
- Pillows and pillowcases
- Cell phone
- Powerstrip with surge protector
- Toiletries
- Hangers
- Decorations
- Fan
- Computer
- TV (cable ready)
- Desk lamp

Don’t
Please leave the following at home:

Pets
Students are not permitted to have dogs, cats or other pets in USC Housing. The only exception is fish in a 10-gallon (or smaller) tank. Residents found with a pet will be charged a substantial clean-up and re-carpeting fee and documented for violating university policy.

Air Conditioners and Kitchen Appliances
If your assignment does not have air conditioning, you are not permitted to install a unit yourself. This includes portable or window units. If you need an air-conditioned room, please select facilities with air conditioning when applying for housing. Cooking appliances such as microwave ovens, hotplates, toaster ovens, water heaters, coffee makers, barbecues, rice cookers and other electrical or gas cooking instruments are allowed only in housing units with kitchens and are prohibited in student rooms and other spaces.

Dish/Satellite TV Antennas
Installation of these devices is considered a “physical alteration” of the building and/or the room or apartment, which is not allowed for safety and security reasons. Remember: All housing facilities come with cable TV service.

RHA Linens Program
Our residence halls and apartments contain extra-long twin beds that require specific linens to fit the mattresses. In conjunction with On Campus Marketing and the USC Bookstore the Residential Housing Association (page 25) has arranged to provide you with high quality extra-long linens, with on-campus delivery available. This summer, you will receive a letter and order form that describes available products and special packages. Please order by the deadline to ensure you have your linens sent to USC for pick-up on Move-In Day. Proceeds fund various student leadership development programs and initiatives at USC. Please visit resed.usc.edu for more details.
Financial Facts

What costs are associated with living at USC? How does the billing system work? The information provided here will answer many of your questions.

Housing Fees

**Application Processing Fee**
A $55 nonrefundable application processing fee will be applied to your first billing statement. See “Application and Assignment” on page 32.

**Contract Confirmation Payment**
An $800 confirmation payment must be made online at the time you confirm your contract. See “Contracts” on page 34.

**Rent**
Rent and meal plan costs are billed before the beginning of each semester (July and December). Charges will appear on the billing statements issued by the university Cashier’s Office.

Billing Procedures

Each admitted student has a billing account that reflects all university-related charges and credits, including tuition, lab and general fees, financial aid, and dining and housing charges. You may check and pay your current bill by logging in to [my.usc.edu](http://my.usc.edu) and clicking on the “Pay My Bill” option. Your fall semester housing charges will appear on your August bill. Rent payments must be made to the Cashier’s Office, not to USC Housing. Only application and confirmation payments are made directly to USC Housing.

If you have university billing questions, call the Cashier’s Office at (213) 740–7471. Please visit [financialaid.usc.edu/contactfao](https://financialaid.usc.edu/contactfao) with any questions about financial aid or loans.

Other Charges

**Residential Meal Plans**
All freshmen are required to have a meal plan. For more information, see “Meal Plans and Dining Options” on page 28.

**Parking**
Students who choose to purchase a parking permit will have it charged to their account. See “Transportation and Parking Services” on page 31.

Items Included in Rent

Residents of USC Housing will not be billed separately for:

- Utilities (gas, electricity, water)
- Cable TV service
- Wireless and Ethernet internet connections
Residential Colleges

Residential colleges provide a unique experience in which students have opportunities to meet people from all across the United States and the world. Together, they learn to live, interact and socialize, all while creating memories that prove this is more than just a place to sleep—it is a home away from home. Students have the opportunity to live in a community that cultivates their social, academic and cultural growth as young adults, as well as interact with a variety of staff who are there to support them in their transition to college.

The Residential Experience

Every first-year undergraduate is housed in a residential college when they arrive at USC in the fall semester. There, they form strong connections by participating in events organized by the Resident Assistants and Faculty in Residence and become integral members of their communities through interactions with their peers. Residential colleges also allow students to bridge the classroom experience by engaging in conversations over dinner with faculty, attending presentations by guest speakers, participating in community service, and learning about campus resources.

The residential college experience bookends the undergraduate experience. New students represent their residential colleges at New Student Convocation and then are able to become active participants in the Residential College Cup competition. At the end of their four years at USC, students return to their residential colleges for a reception with their Faculty in Residence and Residential Education staff.
Building Choices

From residence halls to suites and apartments, USC housing offers a wide variety of building options. The following pages provide the details you will need to make an informed choice about where to live. Be sure to review the Living Learning communities described in this section.

Rents listed and building descriptions are subject to change. Check the USC Housing website for up-to-date information.

The availability of listed housing accommodations, programs and services is subject to local health authority restrictions.

Parking at University Housing

Buildings listed with the parking icon have on-site parking facilities. USC Transportation issues permits for all lots and garages. In most cases the number of spaces is limited. Applications are processed on a first-come, first-served basis. Not all applicants will receive a parking space. Please see page 31 for information about obtaining a parking permit for a university housing building.

Requesting a Single

USC Housing receives many requests for single rooms. Singles comprise approximately two percent of our total housing inventory, and most are filled by returning students. Although we do our best to accommodate new applicants’ preferences, it is not possible to offer singles to everyone who requests them.
In 1994, Birnkrant began operating as a residential college, with a full-time, live-in Faculty in Residence member working to bridge students’ experiences inside and outside the classroom. Commonly referred to as “Eight Floors of Open Doors,” Birnkrant nurtures friendships and relationships that often span the course of students’ time at USC.

Birnkrant Living Learning Communities:

**Asian, Pacific Islander, Desi American Leaders Community (APIDALC)**
This program is dedicated to all students who have an interest in Asian Pacific American history, culture, and social and contemporary issues. This program strives to cultivate a space for active participation, leadership development, personal growth and a successful transition into college. The APIDALC is supported by the Office for Residential Education and Asian Pacific American Student Services (APASS).

**The First-Generation Plus Community (FG+ LLC)**
The FG+ LLC provides an inclusive living environment for first-year students identifying as first-generation, former foster youth, and/or undocumented college students. The LLC seeks to foster belonging and well-being through mentorship, supportive services, and leadership opportunities. Residents will receive support navigating the university and gain stronger connections to relevant support staff, faculty in residence, and peers with similar experiences. FG+LLC is supported by the Office of Residential Education and the First Generation Plus Success Center.

The APIDALC and FG+LLC communities are part of the LLC Retreat on August 15, 2023. If you are interested in living in either of these communities, you must complete a supplemental application. See page 22 for details.

Conveniently located next to Leavey Library and the EVK dining hall, Birnkrant’s eight stories comprise seven residential floors. Each floor has approximately 20 rooms, two large bathrooms, a laundry room and a study room. The first floor includes the home of the Faculty in Residence, a music practice lounge, a study area, a multipurpose room and a lounge. This floor is also home to the popular Starbucks at Trojan Grounds coffee house, which accepts meal plan Dining Dollars.

Residents have a required meal plan, which is accepted at residential dining facilities and other campus eateries.
Located in the USC Village, McCarthy Honors College offers a vibrant and enhanced living-learning experience for more than 500 Trustee and Presidential scholars in a suite-style living environment. With faculty interaction, diverse programming, opportunities to experience Los Angeles and an Honors College retreat, this program is designed to inspire students to reach their full potential as agents of global change.

The McCarthy Honors College experience is led by a Residential College Coordinator in conjunction with two Faculty in Residence. Themed discussions are held weekly in the McCarthy multipurpose room. Guests include USC faculty members, senior administrators, distinguished professionals in the arts and humanities, and prominent visiting scholars.

McCarthy residents move in early (Saturday, August 12 to Monday, August 14) to attend the Honors Retreat on Tuesday, August 15. Retreat activities focus on establishing a strong connection to the residential college and its staff while introducing the support systems available to honors students. For more information, please visit the Residential Education website at resed.usc.edu. Space in McCarthy Honors College is available on a first-come, first-served basis.

The crown jewel of the dynamic USC Village, the five-story McCarthy Honors College boasts four residential floors, each with more than 30 suites, multiple lounges and study rooms, and a laundry room. The spacious landscaped courtyard on the first residential floor is appointed with luxurious outdoor furniture and table tennis. The ground floor houses a large lobby, classrooms, a magnificent residential dining facility, an Amazon University store, Italian Cafe, USC Credit Union and ample secure indoor bike parking.

This facility is nearly double the size of the previous honors housing, allowing for a greater number of qualified students to be assigned to the program. However, assignments are made on a first-come, first-served basis according to housing configuration preferences, and housing in McCarthy is not guaranteed.

Residents have a required full meal plan, accepted at the on-site dining hall and other locations.
New North Residential College

New North Residential College was founded in 1993 as two separate residential colleges, which were merged into one community in 2017.

New North fosters a strong community created through programs that draw upon the cultural resources of both USC and Los Angeles. Noted for its vibrant atmosphere and strong personal and academic support network, the Resident Assistant team and Faculty in Residence sponsor activities that encourage students to learn and have fun by making close connections with one another, the city and the world around them. Students can attend a dinner hosted by New North’s Faculty in Residence, who are joined by talented and accomplished guests from the university and the city at large.

New North Residential College occupies a prime location on campus. You can grab a coffee from the Starbucks at Trojan Grounds on your three-minute walk to Leavey Library, toss a Frisbee on McCarthy Quad and appreciate the view of the neighboring reflecting pool. New North is also home to the EVK dining hall, which allows residents to connect with a diverse group of students from all over campus.

Despite its name, New North Residential College is one of USC’s oldest housing facilities. Steeped in Trojan tradition, New North combines classic residence hall architecture with modern amenities and forward-looking programs. It is one of three residence halls offering a limited number of singles to freshmen.

A workout area equipped with treadmills, ellipticals and stationary bikes makes living a healthy lifestyle easy. Every floor has a laundry facility. Common areas have recently been remodeled—study rooms provide quiet reading spaces, and television lounges make great places to hang out with friends. Residents have a required meal plan, accepted at residential dining facilities and other campus locations.
Parkside Arts & Humanities Residential College

The Parkside Arts & Humanities Residential College creates a space where students and the Residential Education team form a strong scholarly community centered on the arts and humanities. In addition to its focus on music, writing, drama, visual arts and architecture, the Parkside Arts & Humanities Residential College connects students with the cultural offerings of campus as well as Los Angeles. The USC Fisher Museum of Art, the Roski School of Art and Design, and the USC School of Architecture are adjacent to this residential college and provide convenient access to their creative communities.

Living in the Arts & Humanities Residential College gives students from all academic backgrounds the opportunity to express themselves—from mounting a theatrical production to screening their films or reading their poetry—in state-of-the-art facilities. Each year, residents stage a showcase of student works in the Arts in the Park program.

Members of the Faculty in Residence host weekly Parkside Faculty Dinners that feature stimulating guest speakers and discussions, as well as floor dinners, performances, screenings and trips around Los Angeles. Living at this college is not limited to students majoring in the arts and humanities. Anyone who appreciates the role of culture and the exploration of ideas is invited to apply.

The four-story Arts & Humanities Residential College provides housing for 440 students in suites of double rooms clustered around a small common space. A wide variety of facilities are shared with the other residents of the Parkside area, including a performance space, a multipurpose room, music practice rooms, a collaborative learning center, a lounge on each floor, a laundry room and an entertainment room with arcade games, table-top games and five televisions. The building also has a dedicated Customer Service Center.

Residents of the college have a meal plan that can be used at the on-site dining hall as well as other dining venues. Allergen- and gluten-free foods, as well as vegetarian or vegan options, are available for those with dietary restrictions.
In the 21st century, a compassionate understanding of global issues is vital. The Parkside International Residential College serves as a campus focal point for discussing global issues, learning about international cultures, and connecting with students from abroad. Living at Parkside will allow you to participate in intellectual, cultural, and social exchanges with people who have a wide range of backgrounds and interests, in one of the most attractive locations on campus.

Parkside International Residential College hosts an array of internationally themed programs and events, marking holidays and independence days from around the world.

Residents are encouraged to participate in local community service projects and take advantage of volunteer opportunities that draw upon the city’s extensive international connections. The building’s Faculty in Residence work to support group activities, events and programs that engage residents’ compassion and curiosity, including field trips to see local theatre and discover Los Angeles. Residents can take advantage of a weekly dinner and dessert reception at which experts from both on and off campus speak informally about their work and life experiences.

The residential college is made up of two different buildings, giving new first-year students the option of either apartment or suite-style housing.

Parkside Apartments is one of only two apartment buildings located directly on campus. Its twin six-story towers offer students a variety of apartment choices. Each apartment has its own kitchen and bathroom, allowing for independent living.

Some residents choose to live at Parkside because it remains open during winter break. Students living here have access to the common facilities and participate in the cultural and educational opportunities of the adjacent International Residential College. Residents of Parkside have a meal plan that can be used at the on-site dining hall as well as other dining venues.
Parkside IRC Living Learning Community:

Women in Science & Engineering (WiSE)

Students on the WiSE floor are offered resources and opportunities to help them excel both in and out of the classroom. Residents learn about prominent clubs and organizations on campus, attend lectures and panels by renowned science and engineering professors, and gain critical insights from older female students about attaining both academic and professional success.

Parkside International Residential College is located in the southwest corner of campus. The four-story building provides housing for 400 students in a variety of five-, six-, seven- and eight-person suites, mixing single and double rooms. Residents enjoy privacy and independence, as well as the benefits of a residential college. Although IRC has “international” in its name, residents represent varying backgrounds from the U.S. and around the world.

The complex shares facilities with other residents in the Parkside area, including a collaborative learning center for group study, formal and informal meeting and seminar spaces, music rooms, lounges, a recreation room with exercise equipment, a laundry facility and a Customer Service Center. The conveniently located dining hall features international gourmet cuisine and accommodates special dietary needs, such as gluten-free and vegan. Residents have a required meal plan.
South
Residential
College

South Residential College comprises two traditional residence halls: Marks Tower and Pardee Tower. This complex for first-years is conveniently located near the Doheny and Leavey Libraries, Tutor Campus Center, important campus service departments, several classroom buildings and McCarthy Quad, an ideal place to relax and enjoy the wonderful Los Angeles weather.

A signature of this residential college is its close-knit community—many describe South as being a true family. South Residential College is supported by an engaging team of Resident Assistants and Faculty in Residence who endeavor to create a vibrant community where emphasis is placed on the transition to college and exploring USC’s first-year experience programs.

The Faculty in Residence take the lead in creating an environment conducive to student learning and social engagement. Residents are encouraged to attend Faculty Dinners and participate in faculty-student interaction outside the classroom. Students in South Residential College have always benefited from the small number of students on each floor, which creates a strong the sense of belonging and community.

At eight stories tall, Marks Tower offers all the features of a traditional residence hall, as well as gorgeous views from many of the rooms. Students living here have the chance to experience their first year together, as they participate in the campus and residential activities so important to a student’s beginning at college. This facility, which houses primarily first-year freshmen, has seven residential floors, each with 14 double rooms.

The common area on the ground floor features a spacious lounge with comfortable living room seating around a large TV, an air hockey table and a separate enclosed room for group study. Marks Tower is conveniently located next to libraries, classrooms and dining facilities. Residents may use the required meal plan at all residential dining facilities and other campus locations.
Pardee Tower Living Learning Communities:

Latinx (LATF)
Created in 1974, the Latinx Living Learning Community offers first-year students the opportunity to connect with other students with similar interests and/or cultural backgrounds. The goal of the Latinx LLC is to create and promote a positive, supportive atmosphere that eases the transition of Latinx students into USC life and empowers them to become prominent campus leaders. Through extensive community service, as well as cultural, academic, and social activities, members of the floor discover their Trojan Family while finding academic and personal success.

Somerville Place (SMRV)
Named after John and Vada Somerville, the first African-American graduates of the Ostrow School of Dentistry, Somerville Place focuses on lifting up and exploring identities within African-American culture and the larger global diaspora. By promoting intellectual development, providing opportunities for leadership and connecting to a legacy of scholars, Somerville Place has aided in the successful transition of Black students into the USC community for more than 20 years.

Latinx is supported by the Office for Residential Education and Latinx Chicanx Center for Advocacy and Student Affairs (La CASA). Somerville Place is supported by the Office for Residential Education and the Center for Black Cultural and Student Affairs. If you are interested in living on either of these floors, you must complete a supplemental application. See page 22 for details.

Close to Doheny Library and McCarthy Quad, Pardee has eight floors, each with 18 double rooms, a common bathroom, and a laundry facility. The air-conditioned lobby features a large TV and comfortable seating area where residents can relax and catch the latest game or the news. The building has study lounges on most floors, as well as a music practice room. The large, modernist second-floor lounge and programming space provides several TVs, tables and comfortable seating—an excellent location to watch Trojan football games. Pardee Tower is a great place to make friends easily while maintaining a positive balance of work, rest and play. Residents have a required meal plan that can be used at any residential dining facility, as well as other campus eateries.
West Residential College

West Residential College is conveniently located near the Engemann Student Health Center, the Lyon Recreation Center and the Uytengsu Swim Stadium. As such, West Residential College has begun to develop various wellness-based initiatives. Faculty in Residence focus on different aspects of holistic wellness and hope to create all-encompassing programming around these initiatives.

West Residential College is supported by a dynamic Residential Education team of Resident Assistants and Faculty in Residence, and staff who endeavor to create a vibrant community where diversity is celebrated and living-learning opportunities abound.

At 14 stories, Webb is USC’s tallest housing building, providing many of its residents spectacular views of the city or the campus and offering freshmen an on-campus apartment option. Each floor has just eight apartments, fostering tight-knit communities and lifelong friendships. Its excellent location near the Lyon Recreation Center, the variety of available floor plans and the building’s attractive interior design all help explain its popularity with undergraduates.

Although no parking is specifically designated for Webb, students can park in the large university parking structure nearby. All residents have a meal plan that can be used at all residential dining halls, as well as other campus eateries.
Located in the USC Village complex, the stylish five-story Cale and Irani Residential College features a 30,000-square-foot state-of-the-art fitness center, a FedEx Office retail location, numerous retail and dining establishments, a large secure indoor bike parking room, and a Customer Service Center. The second floor has two large courtyards offering great places to gather with friends or to study day or night. In addition to multiple study rooms and sitting areas on each floor, four luxurious lounges with floor-to-ceiling glass walls overlook these courtyards from the fourth and fifth floors and are open to all residents.

All apartments are fully furnished and have central air-conditioning. The small, two-bedroom loft-style type does not have a living room. In place of full kitchens, kitchenettes include a sink, oven, and four-burner range, and each bedroom has a small microwave oven and mini-fridge. Residents have a mandatory meal plan accepted at the USC Village Dining Hall, as well as other USC Hospitality outlets.

The Cale Residential College takes an interdisciplinary approach to international issues with the goal of creating global citizens. The Irani Residential College focuses on performance science—the confluence of mind, body and business. Residents will learn ways to maximize performance, both individually and within an organization or community.

This pine tree–shaded, townhouse-style apartment complex consists of nine individual buildings. The spacious, fully furnished and comfortable one- and two-bedroom apartments have full kitchens and air-conditioned living rooms with laminate floors and modern furniture. The two-bedroom units on upper floors have balconies.

Located just across Jefferson Boulevard from campus, Cardinal Gardens is close to the Lyon Recreation Center, the USC Village Dining Hall and the other amenities of the USC Village. All residents have a required meal plan.

Recreation options include watching the 70-inch TV or playing pool inside the CSC lounge; playing basketball on the half-court outside; or relaxing on the landscaped patio with resort-style seating, dining tables, two barbecues, a fireplace and a water feature. Ample parking is available via permit through USC Transportation in a surface-level lot within the complex’s gated and walled perimeter.

### Housing Options

#### Additional Options for Freshmen

For first-years who prefer apartment-style living, a limited number of units will also be available in two of our buildings designated for upperclassmen.

Residents will learn ways to maximize performance, both individually and within an organization or community.
Freshmen in Undergraduate Apartments

Some incoming students feel their need for privacy and access to a kitchen would be better met by living in an apartment. Unlike other housing facilities for first-year freshmen, apartments do not close for the winter break and may be continuously occupied between the fall and spring semesters.

Both facilities have live-in Residential Education staff and on-site Customer Service Centers and are located adjacent to campus. Residents of these apartments will have a mandatory meal plan. More information about these buildings can be found on our website.

Most of the residents of these facilities will be returning and transferring undergraduates. Freshmen will be limited to the number of spaces and room types indicated. Requests for apartments may exceed the number of spaces allotted.

Trojan Voices

“I chose USC because it offered not only a world-renowned program for my major of choice, but also an abundance of opportunities for social advancement like clubs and community groups. And I really wanted to be a part of the Trojan Family.”

TRISHA WILLIE. JACKSONVILLE, FLORIDA
Living Learning Communities

Our Living Learning housing enhances your university experience by bringing together students and faculty to share in cultural and academic programs. USC Living Learning communities attract students who want to make the most of their college years, and each community offers something different. Some bring together students with similar career or academic interests. Others attract people interested in a particular culture or lifestyle. Some communities are small, whereas others are quite large.

How to Apply for Living Learning Communities

If one of these Living Learning communities seems right for you, be sure to select the program on your housing application. Many Living Learning communities are available to incoming first-years only. Check first to confirm you are eligible for your choices. (For example, students must meet certain academic qualifications to live in McCarthy Honors College.) When applying online for housing, be sure to first specify the residence hall, suite or apartment, and then specify the community located within it. Programs fill quickly, so apply early. The following Living Learning communities require supplemental applications: Latinx, Rainbow Community and Somerville Place. Supplemental applications will be available as part of the online housing application process. (See page 33.)

Living Learning Communities in Predominantly Upperclassman Housing

Century Apartments

Rainbow Community

The Rainbow Community (est. 2001) is a residential community for LGBTQ+ students. The Office for Residential Education sponsors community-based events here that allow students to learn more about themselves and their LGBTQ+ identities and make meaningful friendships. The USC LGBTQ+ Student Center, in partnership with Residential Education, assists in approval and placement of Rainbow Floor residents. On the Rainbow Floor, students can room with friends regardless of sexuality or gender identity, as all of the apartments are gender-inclusive. The Rainbow Floor is a second-year experience community, so priority is given to second-year students, but all students are welcome to apply for the Rainbow Floor.

The Rainbow Community is supported by the Office for Residential Education and the LGBTQ+ Student Center. If you are interested in living on this floor, you must complete a supplemental application.

The Living Learning Community Retreat

Residents of the APIDA, First Generation Plus, Latinx and Somerville Place LLC move in early on Monday, August 14, 2023 so they may attend the LLC Retreat on Tuesday, August 15, 2023.

Retreat activities focus on establishing a strong connection between the resident and the residential college, the Residential Education team, and the supporting Student Equity & Inclusion Programs office.

For more information on these programs and the retreat, please visit the Residential Education website at resed.usc.edu.
“I truly feel at home with all of the wonderful and unique people I have met at USC. Students here care about each other and want each other to succeed.”

ATHENA SFERAS, LOS ANGELES, CALIFORNIA
Life in USC Housing

Living in university housing will enrich your first year. Joining a community of fellow residents, faculty, and staff members and engaging in activities and programs will broaden your interests and support your studies.

Living With Others

Gender-Specific Housing
In USC residence halls, men and women are typically assigned to different wings or floors with separate bathroom facilities. In buildings with apartments or suites, each individual unit is designated for a single gender. Gender-inclusive housing is also available for first-year residents. Contact the Division of Student Affairs regarding application requirements and space availability.

The Roommate Experience
One of the most anticipated events for college students is meeting their roommates. Living with new people is an opportunity to learn from others and share experiences. Students have different expectations regarding roommate relationships. Some people simply want a person who is easy to live with, whereas others are looking for a new best friend. You don’t have to be best friends to be good roommates. In fact, it can be easier to live with someone when you spend most of your time with other people. What is important is learning to adjust to new people.

Roommate Requests
If you have a specific roommate in mind, one of you will need to form a roommate group in our online application portal, then invite the other to join the group. Everyone in the group must list identical housing preferences, including any Living Learning programs, when completing their housing applications. You can search for your requested roommate on the “Search by Known Roommates” page of the housing portal and then add them to your application. Roommate requests are not guaranteed.

Online Roommate Matching
Most new students do not have a specific roommate in mind when they apply. Our online roommate-matching process will help you search for and contact potential roommates.

To use this feature, follow the instructions on page 33 for registering with USC Housing. Profile questions will ask you about your study and sleep habits, level of cleanliness and what you like to do in your spare time. Your answers will be used by our search tool to match you with students who have similar habits and interests.

You will be prompted to create a screen name, enabling you to participate anonymously in the matching process. USC does not use your screen name for any other purpose. (Note: Screen names deemed inappropriate or offensive will be deleted and information about their use forwarded to Student Judicial Affairs as necessary.) Once you apply, you can use our website to search for roommates. You will be provided with potential roommates’ screen names and be able to review their answers to the profile questions. Using screen names, you can then contact anyone you think may be a good match for you. If you find someone compatible, log in to the online application and create a roommate group. USC Housing will make every effort to honor your request but cannot guarantee that it will be fulfilled. Once you have been assigned, you may no longer search for roommates.

Roommate Assignments
If, like most first-years, you do not have a specific request, you will be assigned a roommate based on gender, building assignment and the information in the “Your Profile” section of your housing application. Unlike requested roommates, these matches are subject to change as students are reassigned.

Roommate Information
For applicants participating in roommate matching, updated roommate information will be available on our website as assignments are completed. You will communicate with your roommate or roommates by screen name and may share contact information as you see fit.
Residential Experience

The Office for Residential Education believes student learning is maximized through intentional and student-focused educational opportunities. We strive to create a sense of community on each floor and foster pride within each Residential College by prioritizing collaboration, relationship building and creating a sense of belonging.

In order to guide residents to meaningfully contribute to global communities, Residential Education focuses on the following four learning goals:

Equity and Inclusion
As part of its commitment to creating an inclusive residential community that values the diversity of its members, Residential Education encourages learning about one’s social group identity and affiliation. By collaborating with campus partners, we will support, educate, and challenge individual understanding of social justice, equity, and inclusion in order to communicate across differences.

Well-Being
Informed by Be Well SC’s definition of well-being, Residential Education proactively provides students with strategies to foster self-care. We strive to help students learn from failure and overcome challenges they encounter within their residential communities. In thriving communities, residents care for others and share resources, so it is important to establish a commitment to healthy relationships.

Self-Awareness
Self-awareness is an integral component of the residential experience at USC. We believe that our students should have an understanding of their personal identities and values. By developing a sense of self, students can then practice effective communication skills. Our goal is to prepare students with practical and transferable life skills.

Community Engagement
Living in residential housing provides students the opportunity to connect with others and foster a sense of belonging and purpose. By being part of this community, residents are challenged to manage conflict and skillfully engage in discourse with their peers. As ambassadors of the Trojan Family, residents are emboldened to practice social responsibility, demonstrate an accountability to self and others, and grow as engaged citizens. For up-to-date information, talk with your RA, look for campus posters, and follow USC Residential Education on Facebook and Instagram.

Residential Housing Association (RHA)

The Residential Housing Association serves all students who live in university housing by providing them with ways to contribute to and enhance their residential experience at the University of Southern California. RHA acts as a unified voice to build community, empower residents and create opportunities for leadership development. RHA also strives to act as a resource by promoting and practicing self governance, while representing the residential community on both regional and national levels. In addition, RHA is the governing board for each Community Council (CC), a group of elected leaders in each of the residential colleges.

Smoke-Free Environment Policy

All University Park (on-campus) and North University Park (off-campus) housing facilities are smoke-free environments. Smoking is prohibited in all indoor and outdoor facilities on university-owned properties without exception.

Residential Education Staff

The Residential Education staff fosters the holistic development of members within the USC residential community. They are committed to providing purposefully inclusive communities that create opportunities for personal and academic success in collaboration with members of the Trojan Family. Each Residential College is managed by a Residential College Coordinator (RCC)—a full-time, live-in professional who has earned a master’s degree in higher education, student affairs administration, educational counseling or a similar area. The RCCs manage the day-to-day operations of the Residential College, including the supervision of the Resident Assistants (RAs).

RAs support your academic and career goals, arrange events to help you connect with other students, provide support and offer guidance about university policies. RAs are students, too, so they know firsthand what you are going through. They are trained to assist in a variety of situations and can be especially helpful in mediating roommate issues. RAs typically have multiple years of experience in on-campus living.

Members of the Residential Education staff are on call at all times and available to assist residents and offer support to students and family members, especially in emergency situations.

RESIDENTIAL EDUCATION

Living on Campus

Selecting your housing is just the beginning. You also need to know how to obtain your USC ID card, apply for a parking space and choose a meal plan. In this section you will find the information you need about the range of services provided for USC residents.

**USC Housing Services**

Move-in and move-out, reassignment to a new building, help with maintenance problems—these are just some of the many residential services offered by USC Housing.

**The Housing Services Office**

Housing Services’ full-time, professional staff handles housing assignments and billing and is available to answer your questions by phone or email.

**Customer Service Centers (CSCs)**

Five Customer Service Centers are conveniently located in our freshman housing facilities, each serving a specific community of buildings. You will not have to travel very far to take care of business. Our trained staff of full-time customer service representatives and student support workers is available on-site to take care of move-in and move-out, early arrival requests, mail and package delivery, and maintenance issues. See page 37 for a list of CSC locations and telephone and fax numbers.

**ResNet Internet Access**

USC Housing provides high-speed wireless connections throughout its facilities. Residents may register with ResNet after moving in.

**Sustainability**

As part of USC’s commitment to a greener world, all housing buildings have recycling and composting facilities.

**Housing Maintenance Services**

The upkeep and cleanliness of university housing facilities is important for residents’ comfort, health and safety. USC Housing has custodial staff responsible for maintaining the public areas in each building and a maintenance office to handle repairs. You can request a repair in person, by phone or online. Assistance with emergency maintenance needs is available 24 hours a day, seven days a week.

**Cable TV Service**

All USC housing facilities provide cable television service with an expansive lineup of channels, many of which are available in HD. There is no additional monthly charge for cable TV. Students who wish to take advantage of this service should bring a digital-ready television with them when they move in.

**Telephone Service**

Due to the widespread use of mobile phones by college students, USC has eliminated landlines from university housing. Public phones where students can dial campus numbers and 911 are located in all university housing facilities.

---

**USC HOUSING SERVICES OFFICE**

**Fax:** (213) 740–8488  
**Email:** housing@usc.edu
Residential Safety

Department of Public Safety (DPS)

As the central coordinating office for USC’s security programs, the primary goal of DPS is to ensure a safe environment in which the social and academic endeavors of the university can be realized. DPS operates 24 hours a day, seven days a week. You should call DPS to report any emergency, including serious accidents, crimes, suspicious circumstances, fires and safety hazards.

The DPS office deploys security personnel on and around campus, and USC safety officers have clearly defined responsibilities. They patrol on and off campus in cars, on bicycles and on foot; conduct preliminary investigations of reported crimes; and file Los Angeles Police Department crime reports. Community Service Officers patrol all university-owned residential facilities and monitor the Access Network 24 hours a day.

Emergency telephones, identified by a blue light on top of the booth, are strategically located around campus, in many buildings, and on each level of every parking structure. These phones provide a direct line to the DPS office and should be used only in emergencies.

All students are also encouraged to download the Trojan Mobile Safety App (LiveSafe), which provides immediate access to DPS and a “Safewalk” feature for any time you may have to walk somewhere alone. For more information, please visit usc.edu/mobilesafety.

Residential Verification Program

As part of the effort to make USC Housing safe for our students, secondary security personnel are staffed at the entrance to every on-campus and USC Village housing facility, 24 hours a day, seven days a week during the academic year. Each station is equipped with a USC ID card reader to verify resident access. Residents use their USC ID cards to enter the facility by tapping their card at the building exterior, and again at the secondary security podium. The student information is automatically programmed and transferred to the readers when the student receives their USC ID.

Trojan Voices

“I chose USC because I felt a positive vibe about all the small details, reinforcing that in the big scheme of things, the campus and staff would hold everything I would need to succeed.”

SOFIA ISABELLA REYES. CHULA VISTA, CALIFORNIA
Meal Plans and Dining Options

One of the most important parts of your residential experience at USC will be what you choose to eat. USC Hospitality is delighted to offer you award-winning options in alignment with our first-rate culinary and nutrition standards to provide delicious, socially responsible cuisine for the Trojan Family. From residential dining halls to a mix of full-service eateries, cafés and convenience stores, our program is designed to meet the unique needs and tastes of our student body.

**Meal Plans**

Meal plans are assigned based on a combination of housing location and class standing. All freshman living in university housing will be assigned a mandatory Cardinal meal plan regardless of their residence when they confirm a USC Housing contract. Students may elect to upgrade to any meal plan available for their assigned hall or apartment.

USC Hospitality offers a variety of meal plans that can be tailored to your specific needs.

*Prices for 2023-2024 meal plans have not been finalized as of the publication of this brochure. Updated information and pricing for fall 2023 meal plans will be available on the Hospitality website in spring 2023.*

The availability of listed dining facilities, services and programs is subject to local health authority restrictions.

**Other Dietary Options**

**Vegetarian and Vegan**

Residential dining halls and campus retail venues offer vegetarian and vegan entrées, side dishes, and salads.

**Food Allergies and Other Special Dietary Needs**

We recommend that students with special dietary preferences or medically related needs contact the Hospitality dietitian, Lindsey Pine, at lpine@usc.edu prior to accepting a housing assignment. This will enable you to determine the location and meal plan best suited to your personal dietary needs. For additional information regarding meal plans and other services provided, contact USC Hospitality.

**USC HOSPITALITY**

**Phone:** (213) 740–6285  
**Website:** hospitality.usc.edu

**MEAL PLAN INQUIRIES**

Visit the USCard website at mycard.usc.edu to change or inquire about the status of your meal plan.
Campus Dining

At USC, we are committed to providing a dining program with a wide range of options and facilities to ensure you have a positive dining experience every time you visit.

Accepted Meal Plans: All residential dining halls and other facilities listed here accept meal plans (within plan restrictions), as well as Dining Dollars and discretionary transactions.

CAFÉS AND QUICK-SERVE VENUES
USC Hospitality operates a variety of cafés and eateries conveniently located around campus. You are never far from a cup of coffee, a sit-down meal or a grab-and-go lunch between classes. In addition to healthy, fresh menu items, we offer attractive, inviting settings ideal for meeting friends or studying. Hot and cold selections are available for breakfast, lunch and dinner.

RESIDENTIAL DINING HALLS
Each campus dining hall features scratch cooking and rotating chef-driven menus showcasing a variety of both ethnically diverse cuisine and American homestyle favorites. Fresh and healthy options are plentiful, including daily vegan and vegetarian entrees and side dishes. Special dietary needs can be accommodated in our dining halls. (Registration is required.)

Menus for dining halls, including allergen, vegan and vegetarian information, are posted daily on the Hospitality website.

Our Residential Dining staff also fosters community interaction by planning and preparing special themed dinners throughout the semester.
USCard

Serving as your university ID, your USCard allows you to access campus facilities, as well as athletic and cultural events. It enables you to gain entry to your USC housing, track your meal plan usage and conveniently pay for campus purchases.

To receive your USCard, complete the online request form at mycard.usc.edu. You will need to upload your image and a government ID. Your options for receiving your USCard include picking it up at a Customer Service Center on either the University Park or Health Sciences Campus, or you may have it mailed to a U.S. address.

Identification

By identifying you as a currently enrolled student, your USCard confirms your eligibility for tax-exempt purchases from any USC Hospitality location and entitles you to many campus privileges. It enables you to gain access to USC libraries, computer centers, and recreation and fitness centers. It is also your ticket to USC’s home games and athletic events and can be used to receive discounts for on-campus cultural events. You should carry your USCard with you at all times.

Purchases

To enable the purchasing power of your USCard, deposits can be made online with a credit or debit card (Visa, Mastercard or Discover). These “discretionary” funds will allow you to make faster, safer and more convenient purchases at all accepted locations on the USC campuses, such as the USC Bookstore, the USC Ticket Office and the USC Pharmacies.

Meal Plans

If you are enrolled in a meal plan, your USCard will be programmed with your designated plan. To pay for meals in residential dining halls or retail dining locations on campus, simply present your card to the cashier to use Swipes or Dining Dollars.

eAccess Network

eAccess is an electronic entry monitoring system that operates in many USC Housing facilities. eAccess helps ensure residents’ safety. For most residents of university-owned housing, the USCard is an electronic key that provides access to their building or apartment complex, parking facilities and other buildings on campus.

USC Bookstore

USC Bookstore proudly serves the academic and spirit needs of USC students, faculty, staff, alumni and fans.

In addition to textbooks and course materials, USC Bookstore offers a wide selection of other products, including school supplies, technology, exclusive Trojan apparel, gifts and souvenirs.

Our online store at uscbookstore.com offers many of the USC gifts and apparel available in the campus store, as well as technology products and school supplies.

Remember: USC Bookstore is the only place that you can use your USCard to purchase course materials, technology products and Trojan gifts.

(Visit the USCard website to sign up for various meal plan services or to add discretionary funds to your account.)
Transportation and Parking Services

USC Transportation Services is the key to your university parking and transportation needs.

Parking Permits

USC Transportation offers parking convenient to all University Park Campus housing facilities. A permit is required to park in any USC structure or lot. Spaces are limited, and they sell out every year, so apply for your permit early.

To purchase a permit, please visit the Transportation website at transnet.usc.edu and create an online parking account. Permits are issued by lottery for the entire academic year (fall and spring semesters). During the parking lottery registration period, log in to your account and click on “Add or Edit Parking Waitlists” to add yourself to waitlists for up to eight different lots, in descending order of preference. Registration periods are May 1 through May 15 for fall permits and November 1 through December 6 for spring permits. You will be notified by email whether you received a permit after the registration period closes.

Your student fee bill will be charged once in the fall and again in the spring. If you need to cancel your permit for any reason, it must be returned to USC Transportation to avoid further charges.

Bus Service

University-owned buses operate seven days a week, from early in the morning until late in the evening, providing service to nearby apartments. Schedules are available online and in person from USC Transportation. Students, staff, faculty and university guests may use the buses free of charge.

USC Lyft Rides Program

USC Lyft Rides offers students free travel within the established campus geofence during program hours. The program operates 6:00 p.m.–2:00 a.m., seven days a week. (Times subject to change during campus events, home football games, or special periods such as finals week.) For complete program rules and information, please visit transnet.usc.edu and click on “USC Lyft Rides Program.”

Parking Locations and Rates

Parking is available on the University Park Campus, at all university-owned apartments in the North University Park area and at the Grand Avenue Structure. A permit is required to park in any USC structure or lot.

Spaces are limited.

Please note: Information regarding parking permits and rates is accurate at the time of publication. Permits, conditions and pricing are subject to post-publication changes.

Application and Assignment

USC Housing’s online application is the fast and convenient way to apply for university housing. Visit housing.usc.edu/portal to get started.

The Importance of Applying Early

Housing assignments for incoming first-year freshmen are made on a first-come, first-served basis. After class standing, the single most important factor in determining where you will be assigned is the date we receive your application. The earlier you apply, the greater the likelihood you will receive one of your building, room-type or program preferences. This is particularly true for freshman buildings in high demand. Only admitted students may apply, and it’s a good idea to apply as soon as you are admitted and receive your login information.

Please note: USC Housing expects to receive applications from newly admitted students for the 2023-2024 academic year as early as February 2023. Most incoming first-years apply by May 1.

Portal Login

Within approximately a week of your admission to USC, you will receive an email from USC Housing with your login information. You will not be able to apply until then, but once you receive your login, you may access our portal to submit your application.

Demographic information including name, preferred name, gender, date of birth and permanent address will already be uploaded to our system. If your name, preferred name, gender and/or date of birth are incorrect, please email our office to correct this information. If you wish to update your other information, such as your permanent address or email address, please click “Update Contact Information” in the housing portal.

May 1, 2023
Freshman Housing Guarantee Deadline

Incoming first-year freshmen whose housing applications are received in our office by the May 1 deadline:

- Are guaranteed a space in USC Housing;
- Are eligible to be considered for a Living Learning community; and
- May participate in the online roommate-matching process.

Meeting the May 1 deadline for guaranteed first-year housing does not necessarily mean you will be assigned to one of your top choices, so you are strongly advised to apply as soon as you are admitted.

Check the USC Housing website at housing.usc.edu for the most up-to-date housing and application information.
Applying for Housing

New freshmen may apply for housing once they have been admitted to the university and have been issued a 10-digit USC student identification number. You may submit a housing application before sending your Enrollment Commitment Deposit form.

To apply, visit our online portal, click on “Application” and select the term for which you are applying (Academic Year 2023-2024 for those starting in August 2023; Spring 2024 for those starting in January 2024).

APPLICATION

BEGIN APPLICATION
To start your application, click on the “Continue” button on the right side of the page.

PERSONAL AND CONTACT DETAILS
Here you will provide us with information we need to determine what housing is appropriate for you, such as your class standing. In addition, you will be asked to provide emergency contact information.

PROFILE
In this section you will answer a series of questions about your personal living preferences, giving you the opportunity to participate in our roommate-matching process. (See “Living With Others,” page 24.)

SPECIFIC ACCOMMODATION REQUESTS
Here you will indicate whether you have any specific physical or medical needs we should consider when making your assignment. (You must register with the Office of Student Accessibility Services if you require specific housing.)

APPLICATION CATEGORY
Please select your category. Newly admitted students should choose “New to USC.”

ROOM PREFERENCES
You must list five housing preferences in order of interest. Please review the building descriptions in this brochure or on our website before entering your preferences. Please select only buildings for freshmen.

LIVING LEARNING COMMUNITY
You may indicate a Living Learning program for which you would like to be considered. If you do so, be certain to list the corresponding building as your first housing preference.

SUPPLEMENTAL APPLICATION
Some Living Learning communities require a supplemental application. For more information on which programs require supplemental applications, please see page 22.

GENDER-INCLUSIVE HOUSING
You may indicate if you are interested in gender-inclusive housing here. Make sure your building request is Birnkrant Residential College. A supplemental application will be required.

APPLICATION FEE
USC Housing cannot process your application before receiving your $55 nonrefundable application fee. (This fee cannot be waived.)

Our website accepts Visa, Mastercard, American Express and Discover Card. When your payment has been accepted, we will email you confirmation.

At this point your application is complete. You have the option to continue on to select a roommate.

Assignments

We can offer housing assignments only to students who have submitted their USC Enrollment Commitment Deposit form and the $300 enrollment deposit, or approved waiver, to the Office of Admission.

The USC Housing Services Office makes assignments based on space availability and the following criteria:

- The date your application is received by USC Housing Services; and
- Available spaces in the buildings or programs you have requested and for which you are eligible.

Your assignment will be as close to your requests as possible, based on availability and eligibility. However, there is a possibility that it may not match any of your building preferences. (Please note that your room or apartment number is not guaranteed and is subject to change without notice.)

Freshmen (as defined on page 3) whose housing applications are received by USC Housing on or before May 1 are guaranteed housing. This is not a guarantee of a particular type of assignment or a specific building. Early receipt of your housing application increases your chances of being assigned to one of your building or program preferences. However, it does not guarantee it.

ASSIGNMENT NOTIFICATION
Once you have been assigned a housing space, you will be notified by email. You can then log in to the Application portal on the Housing website to complete the steps listed in the “Contracts” section on the next page to review and confirm your contract.
Reassignments

If you would like to change your assignment after receiving your contract, you can request a reassignment. To be eligible, you need to have confirmed your contract and made the $800 confirmation payment prior to submitting your request. Reassignments are processed in two ways: by reassignment list and over the counter.

CONFIRMATION PAYMENT
You may submit your $800 confirmation payment electronically by Visa, Mastercard, American Express or Discover Card. Half this fee will be credited to your student account in the fall semester and the other half in the spring semester.

REASSIGNMENT LIST (PRIOR TO MOVE-IN)
To request an assignment change prior to move-in, please read the reassignment information on our website and submit your reassignment request online. Requests are placed on a reassignment list in the order received and processed based on eligibility, gender and space availability. We make every effort to complete requests, but reassignment is not guaranteed. If we are able to fulfill your request, you will receive email confirmation that you have been reassigned. This will be your new housing assignment. Your previous assignment will be canceled and offered to another student.

Reassignments are processed from late May to mid-July. On July 14, the Housing Services Office will begin canceling all unfulfilled requests. If your request is not fulfilled, you should move into your contracted housing assignment on August 16. No new requests will be accepted until the reassignment process re-opens in September.

OVER THE COUNTER (AFTER MOVE-IN)
There is no reassignment list during the academic year. In September reassignments may be requested over the counter at any CSC or at the main Housing Office. If a space that meets your housing needs and eligibility is available, you can be reassigned on the spot. Reassignments during the academic year are halted from early-November to mid-January to facilitate the assignment of students arriving spring semester.

CANCELLATIONS

If you decide to cancel your application prior to being assigned, or to cancel your housing assignment prior to confirming your contract, print and complete the Cancelation Request form on our website and send it to USC Housing Services. The application or assignment will be canceled; the $55 application fee will not be refunded.

You are responsible for the terms of the contract once it has been confirmed. However, you may still submit a cancelation request to be released from your contract:

• If your cancelation is granted by June 9, you will receive a full refund of the contract confirmation payment.
• If your cancelation is granted after June 9, you will not be eligible for a refund of the $800 contract confirmation payment, even if you decide to withdraw from the university.
• If your cancelation request is not granted, your contract will be in force and you will be held to its provisions.

You may request in writing to reactivate your application at any time during the same academic year without paying an additional fee. For assignment purposes, the date of reactivation will be your new application date.

Contract Dates

Specific start and end dates are associated with university housing contracts. Once confirmed, the contract is in force for that time period. All housing contracts run for the full academic year. Monthly and semester-length contracts are not available.

UNIVERSITY PARK AND NORTH UNIVERSITY PARK HOUSING
All housing contracts for these spaces begin on Wednesday, August 16, 2023, and end on Wednesday, May 8, 2024. However, university residence halls and suites are closed for safety and security reasons during the winter break, from December 13, 2023, at 5:00 p.m. (the last day of fall semester finals) to January 4, 2024, at 8:30 a.m. You do not need to move out your belongings, but you will not have access to your room. Be sure to take everything you need with you and plan to stay elsewhere during that period. Residence halls remain open during Thanksgiving and spring breaks. Check with your Customer Service Center for details. Apartment buildings remain open for the full academic year and may be continuously occupied by residents through the winter and spring breaks.
Requests for Early Arrival

To accommodate all our incoming students safely, move-ins are spread over a number of days, depending on your class standing and assignment. Move-in appointments will begin prior to the contract start date. Some departments and programs schedule activities before the first move-in appointments. To the extent possible, we want to accommodate residents who wish to check in to their housing assignments early for these activities. Students must request an early arrival on the housing website, and confirmation must come from the department or academic program with which you are affiliated.

Residents may request early arrival on an individual basis. Because we must also plan for summer school student departures, conferences and other university summer programs, individual requests may not be honored. Requests should be submitted on our website portal by August 1. Requests may not be made for arrival earlier than five days prior to the contract start date.

Customer Service Centers grant final approval of early-arrival requests and will do so only if there is sufficient time to clean and prepare the room. You will receive an email response letting you know if your request can be accommodated. Incoming residents must call their Customer Service Center to verify early move-in approval before arriving at USC.

If the request is approved, you will be charged $75 for each night you stay prior to the first day of your check-in appointment. Residents who arrive without approval may be turned away. Those who can be accommodated will be charged a $200 per night fee.

Applying for Housing by Mail-In Application

If you would prefer to submit a written application, we can send you an application form electronically or we can mail you an application form. You will need to provide us with your mailing address.

Complete the form and mail it to USC Housing Services, 620 McCarthy Way, PSX 137, Los Angeles, CA 90089-1332. (Please note that requesting a roommate or using our roommate-matching process is available only to students who apply online.) You will need to submit the $55 mandatory application fee by check or money order along with your application. Your application date will be the date your application is received in our office—not the postmark date. Once we have made your housing assignment, we will notify you by email.

How to Apply for Residential Colleges and Living Learning Communities

If you would like to live in Living Learning housing, indicate the desired program and its corresponding building in your housing preferences. To be considered for your community preference, your application must be received by May 1. Note: Some programs require supplemental applications. For more information, see pages 9-22.

Summer Housing

There is a separate application and assignment process for summer housing. More information about summer housing will be available in late March 2024. Please contact the USC Housing Services Office or your CSC about summer housing options and application information.

Housing for Spring 2024

Freshman students admitted for the spring semester can submit a housing application beginning June 30, 2023. The housing information and procedures presented throughout this brochure apply to applicants for spring housing, except for the important differences noted below.

Availability

Spring housing assignments are based on: (1) the number of students admitted to USC for spring semester, and (2) the number of students who leave university housing during fall semester. Housing for first-year freshmen is usually filled to capacity at the beginning of fall semester. Therefore, only spaces that become vacant can be offered to freshmen admitted to spring semester.

The availability of specific housing types is difficult to predict, and it is often not possible to place applicants in their top preferences or with requested roommates. As space allows, spring admits will be assigned to freshman spaces. However, to be offered university housing, most new first-year freshmen arriving spring semester will be placed in upperclassman undergraduate buildings in North University Park. More information about our facilities for upperclassmen, along with a complete map of all university housing locations, can be found at housing.usc.edu.

The availability of listed housing accommodations, programs and services is subject to local health authority restrictions.

Application and Assignment

The application for spring 2024 housing will not be available until June 30, 2023. Your application login information will be emailed to you prior to the application opening. In the past, the majority of spring applications have been received on June 30. Due to high demand and the uncertain supply of housing spaces, you should apply early for the best chance of receiving a housing assignment. To be considered for spring housing, you must select the “Spring 2024” option when applying.

Assignments for spring 2024 will begin in mid-to late November 2023 and will be based on application date, gender and availability. Students will be notified of their assignments by email and directed to the housing application portal on the USC Housing website to confirm their contracts. Students assigned for the spring will not be eligible for reassignment until over-the-counter reassignment begins in mid-January (see page 34).

Move-in day for spring residents is January 4, 2024.
