One of the nation’s top universities, USC has it all — academics, research, athletics and exceptional students.

At USC Housing, we strive to provide housing and residential services that live up to the university’s high standards.

The friendships you will make, the programs and activities you will enjoy, and the simple convenience of living in university housing can make a big difference in the quality of your time at USC. We try to make the day-to-day stuff easy so you can concentrate on your classes, sporting events, extracurricular activities and career plans.

We invite you to look through these pages and discover the wide range of options and advantages university housing provides. We think that once you are aware of the choices, value and convenience we offer, you will want to live with us.

Living Options

Life in USC Housing

USC strives to provide its students with a pleasant living environment that includes features and services not always available elsewhere. Living in USC housing will be a whole new experience. Beyond simply being a place to stay, university housing offers a community of roommates, neighbors, and faculty and staff members, with events, activities and programs that will complement your academic endeavors.

Choices

Although most housing directly on campus is reserved for our incoming freshman class, we offer 37 housing facilities for upperclassmen and graduate students in the adjacent North University Park neighborhood. (Freshman housing is covered in our companion brochure, Living at USC: Freshmen 2019-2020.) USC housing features a variety of buildings, floor plans, locations and living arrangements. Our goal is to give our residents options that fit their housing needs. We have something for just about every resident.

Value

University housing offers a variety of living arrangements to accommodate individual needs and budgets. Housing contracts for undergraduates cover the nine-month academic year rather than the 12-month calendar year, so residents are not required to pay rent for the summer. Full-year contracts are available to graduate students living in certain buildings. (Housing is available, however, for those who plan to stay for the summer.)

All university housing units are furnished and include free cable TV and Internet connections, both Ethernet and WiFi. Gas, water and electricity are included in the rent for all buildings.

USC Housing Staff

One of the advantages of living in university housing is the ability to call on trained full-time staff to help with maintenance issues, check-in and check-out, room assignment questions and other day-to-day concerns. USC Housing has 14 Customer Service Centers (CSCs) to assist residents. For a complete listing of CSCs and the buildings they serve, please see page 33.

Safety and Security

To help ensure residents’ safety, all USC Housing facilities use a biometric or an electronic entry monitoring system. Student ID cards function as electronic keys, allowing residents entry to their building or apartment complex and parking facilities. USC’s Department of Public Safety (DPS) works to maintain a secure environment for the university, patrolling both on and around campus, 24 hours a day, seven days a week. Nearly 300 emergency telephones with direct lines to DPS are located strategically around campus.

All students are also encouraged to download the new Trojan Mobile Safety App (LiveSafe), which provides immediate access to DPS and a “Safewalk” feature for when you have to walk somewhere alone.

For more information, please visit www.usc.edu/mobilesafety.
Roommates
Most of our housing is shared—if you are an undergraduate, you will very likely have one or more roommates. And who you live with can be as important as where you live.

If you would like to live with a specific USC student who has already applied, you can request that person by entering his or her 10-digit student ID or screen name in the "Roommate Search" section of the application. You won't be able to request a returning resident who has applied in our renewal process. Most new students do not have a specific roommate in mind when they apply. Our roommate-matching process will help you search for and match with potential roommates based on your profile, including gender, building and personal preferences. For more information about roommate selection, refer to page 27 or 28.

Gender Inclusive housing is offered based on space availability. To be considered, contact the Division of Student Affairs for more information and a supplemental application at studentaffairs.usc.edu.

Programs and Activities
Student life at USC is filled with opportunities for entertainment, socializing and education outside the classroom. Movies, lectures, concerts and sports events are all a part of daily life at USC. This is especially true for students who live in university housing, where the on-site Residential Education staff organizes events and outings in addition to providing support and counseling. Composed of housing residents, the Residential Housing Association (RHA) promotes interaction and personal growth through student advocacy and community service programs.

Maintenance
USC Housing takes pride in maintaining the safety and livability of our facilities. Along with quick responses to everyday maintenance concerns, we invest in our buildings through periodic upgrades and renovations.

Special Interest Housing
Located throughout university housing facilities, special interest (SI) communities bring together students with a shared cultural, career or academic interest. Although the majority of these programs are located in our freshman buildings and are not open to upperclassmen, undergraduate students may be interested in one of the following communities.

Annenberg Communications: An immersive program for communication and journalism majors.

Rainbow Floor: Located in Century Apartments, this special interest residential community provides support, education and advocacy opportunities for lesbian, gay, bisexual, transgender, queer and ally (LGBTQA) students.

Religion and Spirituality Floor: Based on interfaith engagement and spiritual exploration, this program embraces the diversity of religious traditions and ethical worldviews.

Sustainable Living: A community for undergraduate students committed to reducing their impact on the environment.

We also emphasize sustainability and the environment in our choices of products and supplies, and run a recycling program in all our buildings.

Electricity and Water Policy
We provide all utilities included in our basic monthly rent. You are responsible for the cost of any additional electricity you use to power appliances, computers, lights and other items. You are also responsible for all other costs for additional water you use, such as car washing.

Smoke-Free Environment Policy
Smoking of any substance in any manner is prohibited both in and around any university-owned housing facility without exception.
Housing Accommodations

USC Housing offers a wide variety of floor plans. The diagrams below illustrate typical configurations, though the actual layout and dimensions will vary among the different buildings that share the same basic floor plans.

Floor Plans

More individualized plans and photos for each building can be found on our website: housing.usc.edu

Bachelor
Occupancy: 1
This floor plan has a combined living/sleeping area, and a bathroom. There is no kitchen, but a small combination microwave and refrigerator is included.

Studio Apartment
Occupancy: 1 or 2
This unit has a combined living/sleeping area, bathroom and full kitchen (stove and refrigerator are included).

One-Bedroom Apartment
Occupancy: 1, 2 or 3
This room type includes a living room, bedroom, bathroom and full kitchen with a stove and refrigerator.

Two-Bedroom Loft
Occupancy: 4
This floor plan includes a kitchenette with a stove and sink, two small bedrooms with lofted beds, and a bathroom. This plan does not have a living room.
Students with Disabilities

The office for Disability Services and Programs (DSP) facilitates disabled students' full participation at USC. To be eligible for special housing consideration, students must register with, and be approved by, DSP and complete a housing application. Please contact DSP and USC Housing as early as possible if you have such needs.

Housing for students with disabilities is available in several locations, accommodating different levels of access. Because of the high demand and limited supply of this housing, USC cannot guarantee assignment to a specific building or room type. DSP works closely with USC Housing to assign students with special needs to appropriate accommodations, based on availability and DSP's recommendations.

For more information, call Disability Services and Programs at (213) 740-0776. Video Phone: (213) 814-4618. Website: dsp.usc.edu.
Furnishings

All university housing facilities come with basic furniture (beds, chairs, tables, etc.) appropriate to the room type. Apartments with living rooms are furnished with a couch, armchair, coffee table and, in some cases, end tables. All apartments with full kitchens are equipped with a sink, stove and full-sized refrigerator (sorry, no microwave or other appliances) and include a dining table and chairs.

Every resident in university-owned housing is provided with:

- One twin bed (extra long, 36" x 80") or full bed (extra long 54" x 80°).
- One desk with chair.
- One three-drawer dresser.

Items to Bring to Campus

**DO**

**Bring:**

- Towels
- Blankets
- Bedspread or comforter
- Sheets
- Pillows & pillowcases
- Computer
- Mobile phone
- Desk lamp
- Alarm clock
- Toiletries
- Hangers
- Decorations
- Fan
- TV

*Housing cable service is digital, so your TV must be digital-ready.*

**If your housing assignment INCLUDES A KITCHEN you will also need to bring:**

- Dishes
- Glasses
- Cooking & eating utensils
- Pots & pans
- Microwave
- Small kitchen appliances

*Or you can wait to coordinate your kitchen needs with your roommate[s].*

**DON’T**

**Please leave the following at home:**

**Pets**

Students are not permitted to have dogs, cats or other pets in USC housing. The only exception is for fish in a 10-gallon (or smaller) tank. Residents found with a pet will be charged a substantial clean-up and re-carpeting fee, and will be documented for violating university policy.

**Air Conditioners**

If your housing unit does not have air conditioning, you may not install a unit yourself. This is considered a "physical alteration" of the room or apartment, which is prohibited by your contract for safety and security reasons. If you need an air-conditioned room, please select one of our many facilities with air conditioning when you fill out your housing application.

**Dish/Satellite TV Antennas**

Installation of these devices is a "physical alteration" of the building and/or the room or apartment, and is not allowed for safety and security reasons. Remember: All housing facilities come with cable TV service.
Living in Residential Colleges

The residential colleges in the USC Village, Parkside International and West Residential Colleges for upperclassmen are a continuation of the freshman residential college experience and create further opportunity for connection to faculty and peers. As in all of USC Housing, residents will have Resident Assistants who focus on community building, planning events and offering support. To further enhance the residential experience, the Faculty in Residence draw from their expertise and interests to plan events and trips around Los Angeles that cater to the specific theme of the residential college. Students will find continued leadership opportunities by becoming members of their building government or serving as a Residential College Ambassador for the freshman residential colleges. All students in USC Housing will have access to the Residential Experience app, which allows students to stay connected to events and other opportunities via their mobile device.
Residential College Themes

**Bohnett Residential College**
**Focus:** Social Action through Entrepreneurship
Students will engage with and seek innovative solutions for a broad range of social issues facing the world today.

**Cale Residential College**
**Focus:** Global Perspectives
Residents build intercultural competency and participate in critical dialogue regarding the ever-changing global landscape.

**Cowlings Residential College**
**Focus:** Arts and Cultures
Residents of Cowlings will awaken their inner cultural explorer by being surrounded by a wealth of experiences that will enrich their learning about the arts and cultures, especially as they relate to USC and the city of Los Angeles.

**Ilium Residential College**
**Focus:** Sophomore Honors Housing
Building on the experience honors students had during their freshman year in McCarthy, Ilium is a vibrant, tight-knit community of scholars who share a commitment to rigorous intellectual and academic achievement.

**Irani Residential College**
**Focus:** Performance Science
Performance science looks at the confluence of mind, body and business. Students in this residential college will explore their untapped potential and learn how to break down barriers inhibiting leadership, decision-making, resilience or creative potential.

**Nemirovsky Residential College**
**Focus:** Sustainability
Nemirovsky is an interdisciplinary society of students who are dedicated to building awareness around the principles of environmental, social and economic sustainability through green living practices, educational activities and societal engagement.

**Parkside International Residential College**
**Focus:** Global Issues
Parkside International Residential College serves as a campus focal point for discussing global issues and learning about international cultures.

**Priam Residential College**
**Focus:** Innovation and Design
Priam aspires to support the interests and passions of students in the areas of technology, science and design. This community will encourage the pursuit of solutions to global challenges through creativity, innovation and novelty.

**West Residential College**
**Focus:** Wellness
Residential Faculty focus on different aspects of holistic wellness and hope to create all-encompassing programming around these initiatives.

For more about residential college programming, visit the Residential Education website at [resed.usc.edu](http://resed.usc.edu) or call them at (213) 740-2080.
Undergraduates

Housing for Continuing and Transferring Undergraduates

Rents and descriptions listed are subject to change. Please check the USC Housing website for current information.

Undergraduate students (transferring and continuing upperclassmen) are eligible for a variety of housing options. USC considers incoming students with college credits to be “transfers,” while “continuing upperclassmen” are students who have earned credits at USC for at least one semester and did not participate in the returning resident assignment process.

Much of our undergraduate housing is filled by current USC housing residents returning for another year. Spaces are available for transferring students who apply early, but unlike new freshmen, they are not guaranteed a housing assignment.

**Choices for Undergrads**

Most undergraduates live in apartments in the North University Park area adjacent to the main USC campus. The proximity of these buildings to the center of campus enables residents to participate in the many activities the university provides.

Thirteen housing facilities offer approximately 3,800 bed spaces and provide our students with a range of floor plans, locations and rents from which to choose. Undergraduates are primarily assigned to shared apartments. These include one- and two-bedroom units in larger apartment facilities, such as Cardinal Gardens, a complex of nine townhouse-style buildings, or Century Apartments. Located directly on campus, Webb Tower and Parkside provide a mix of studio and one- and two-bedroom plans. The four large residential colleges in the USC Village offer a wide range of one- to three-bedroom apartments.

**Apartment Living**

Larger living areas, private bathrooms and kitchens are key features of our apartment units. Residents can lead a more independent lifestyle, preparing their own meals (although they may sign up for meal plans if they wish), and have more personal space for study and relaxation. Many apartment buildings offer amenities such as on-site recreational facilities and air conditioning. Nearly all undergraduate housing is either directly on or adjacent to the main campus. Some buildings have on-site parking in garages or adjacent lots.

All undergraduate apartment facilities have live-in Residential Education staff who arrange for outings and other activities. Nine Customer Service Centers serve undergraduate buildings, so residents won’t have to go far to put in a maintenance work order or to meet with a Customer Service Representative.

The first floor of Cale and Irani Residential College is devoted to common areas including the complex’s 30,000 square-foot, state-of-the-art fitness center, a spacious, secure room for bicycle parking, the FedEx Mail Center and a Customer Service Center. The two large courtyards on the second floor offer great places to gather with friends or to study. The selection of room types is extensive: there’s a floor plan and rent rate to meet nearly every student’s needs. The small, two-bedroom and two-bedroom loft-style types do not have a living room. In place of full kitchens, their kitchenettes include a sink, oven and four-burner range, and each bedroom has a small microwave oven and mini-fridge. All apartments are fully furnished and have central air-conditioning.

Residents have a mandatory partial meal plan that can be used at the USC Village Dining Hall, as well as other outlets. Students living here may apply for a parking permit from USC Transportation for the USC Shrine Structure on Jefferson Boulevard.

This building has two residential college programs. See page 8 for the themes and details.

The Cowlings and Ilium Residential College houses over 700 undergraduates adjacent to campus. Impressive and functional, it is home to the Trader Joe’s specialty grocery and Target stores, and the USC Village’s Department of Public Safety station. The two expansive courtyards on the second floor overlook the USC Village Great Lawn and offer a great place to gather with friends or to study. The selection of room types is extensive: there are six, two-bedroom plans alone, accommodating two to four residents, and ranging from the compact (and economical) loft format to the larger model with two bathrooms. The small, two-bedroom and two-bedroom loft-style types do not have a living room. In place of all kitchens, their kitchenettes include a sink, oven and range. Each bedroom has a small microwave oven and mini-fridge. The three-bedroom floor plan and some designated two-bedrooms have two bathrooms.

Residents have a mandatory partial meal plan that can be used at the USC Village Dining Hall. Residents may apply for a parking permit for the USC Shrine Structure located on Jefferson Boulevard.

This building has two residential colleges. Theme and details of each program are on page 8.

This five-story building houses over 300 residents. An outdoor patio deck on the second floor of the Nemirovsky and Bohnett Residential College overlooks the complex’s main paseo and the statue of Hecuba and provides a great vantage point for observing Village life. A more private outdoor lounge occupies an interior portion of the north wing of the building. The ground floor is devoted to indoor bike parking, retail outlets and the building’s Customer Service Center.

The small, two-bedroom and two-bedroom loft-style types do not have a living room. In place of full kitchens, their kitchenettes include a sink, oven and range. Each bedroom has a small microwave oven and mini-fridge. All apartments are fully furnished and have central air-conditioning.

Residents have a mandatory partial meal plan that can be used at the USC Village Dining Hall, as well as other USC Hospitality outlets. Students living in the Village may apply for a parking permit from USC Transportation for the USC Shrine Structure located on Jefferson Boulevard.

This building has two residential colleges. See page 8 for themes and details of the programs.

Part of the Parkside Residential College complex, Parkside Apartments is one of only two apartment buildings located directly on campus. Its twin six-story towers offer students a variety of apartment choices. Each apartment has its own kitchen and bathroom, allowing for independent living.

Most residents are returning students from the adjacent International and Arts & Humanities residential college programs, as well as transferring undergraduates. Students living here may access the common facilities and participate in the cultural and educational opportunities of the adjacent residential colleges. Residents have a required meal plan.

Special Interest Communities: International Residential College, Religion and Spirituality Floor. Students requesting the Religion and Spirituality Floor must submit a supplemental application.
**Priam Residential College**

Located directly across Jefferson Boulevard from campus, Priam is convenient to classes, libraries and dining. Residents will have access to all the recreational and educational opportunities the USC Village provides. A large, second-floor outdoor patio deck overlooking the plaza is a great place for visiting with friends or just people-watching while enjoying a coffee from the ground-floor Starbucks. The five-story building provides a varied selection of apartment types, offering configurations to accommodate most price points and roommate groups. The small, two-bedroom loft-style type does not have a living room. In place of full kitchens, their kitchenettes include a sink, oven and a range. Each bedroom has a small microwave oven and mini-fridge. The three-bedroom floor plan has two bathrooms.

Residents will have a mandatory partial meal plan that can be used at the USC Village Dining Hall, as well as other USC Hospitality outlets. Students living here may apply for a parking permit for the USC Shrine Structure located about a block and a half east on Jefferson Boulevard.

This building is a themed residential college. See page 8 for theme and details.

---

**Webb Tower (WTO)**

At 14 stories, Webb is USC’s tallest housing building, providing many of its residents spectacular views of the city or the campus. Each floor has just eight apartments, fostering tight-knit communities. Its excellent location near the Lyon Recreation Center, variety of floor plans, and attractive interior design help explain its popularity with undergraduates.

Next door is King Hall, which includes a large Starbucks café, a computer lab and a mixed-use room perfect for study or educational purposes. Although no parking is specifically designated for Webb, students can park in the large university parking structure nearby. All residents have a meal plan that can be used at the USC Village, EVK and Parkside dining halls, as well as other campus eateries. Webb is part of the West Residential College program; see page 8 for more information.
Apartments

In partnership with the Annenberg School for Communication and Journalism, Annenberg House features a common living experience for students majoring in those fields, along with exclusive programming and special events. Some courses and academic advising are held in the adjacent Kerckhoff, a Tudor-style mansion with a large front lawn. This three-story building offers fully furnished and partially air-conditioned apartments, a cardio fitness center, a modern study room, and a recreation lounge with an 80" flat-screen TV and state-of-the-art AV system for entertainment and presentations. The ground-floor garage offers both car and secured bicycle parking, while the USC bus stop in front of the building allows residents to get to campus quickly and easily.

**Cardinal Gardens (CAR)**

This townhouse-style apartment complex consists of nine individual buildings. The furnished one- and two-bedroom apartments have full kitchens, spacious air-conditioned living rooms with laminate floors and modern furniture. Located just across Jefferson Boulevard from campus, Cardinal Gardens is convenient to both the Lyon Recreation Center and the amenities of the USC Village. Recreation options include watching the 70-inch TV or playing pool inside the CSC lounge, playing basketball on the half-court outside, or relaxing on the landscaped patio with seating, dining tables, two barbecues, a fireplace and a water feature. Parking is available in the surface-level lot within the complex's gated and walled perimeter. Residents have a mandatory partial meal plan that can be used at the USC Village Dining Hall, as well as other USC Hospitality outlets.

USC's Sustainable Living community, two-story Cardinal ’N Gold is located two short blocks north of campus. Residents are encouraged to live sustainably, with numerous programming and educational events designed to instruct residents and support their efforts. The building comprises shared one-bedroom apartments with air-conditioned living rooms and bedrooms. The patio, with outdoor seating and a barbecue, provides a place for residents to enjoy the pleasant Southern California weather. Conveniences include a laundry room and parking spaces in a small carport behind the building. The furniture is made from recycled steel and reclaimed wood. A solar panel array on the roof partially powers the air conditioning and household electricity. Each unit has a three-bin recycle/compost/landfill system and water- and energy-saving technologies — all aimed at decreasing our collective environmental footprint.

Century is a good choice for students looking for more space and independence. It is convenient to both campus and the USC Village, and has a Customer Service Center onsite. The central recreation room features a 70-inch TV, a billiards table, vending machines, and a print station. Every unit comes pre-configured as a loft to maximize space, but the modern adjustable furnishings can be changed to suit students' needs and desires. Much of Century’s popularity stems from its outdoor facilities, including a swimming pool with a patio deck and barbecue, basketball and sand volleyball courts, and a large grassy area. All residents have a required partial meal plan that can be used at USC Village Dining Hall and other locations. Parking permits for the garage and three additional small outdoor lots are available from USC Transportation.

This quiet, three-story apartment building directly across from campus on Jefferson Boulevard features fully furnished studio and one-bedroom apartments with living room air conditioners. La Sorbonne also offers upgraded kitchens, baths, flooring and furniture. A pleasant picnic and stone barbecue area is available for outdoor meals and get-togethers. The central courtyard also features soft outdoor seating surrounding a small turf area. The area’s Customer Service Center is right next door in Century Apartments. Limited parking is available on-site in the building’s carports, as well as in the adjacent Century Apartments garage.
Housing for Graduate Students and Families

Graduate Student Housing
USC offers approximately 1,600 spaces for graduate students in buildings in the North University Park area. The housing needs of graduate students typically differ from those of undergraduates, so some are single-occupancy studio and one-bedroom apartments that enable students to live and study on their own. We also offer the lower cost option of shared one- and two-bedroom units. Buildings have either a nine-month academic year or full-year (12-month) contract. Some have special contract dates to fit their school’s academic calendar.

Nontraditional undergraduates (students older than the typical 18 to 22-year-old undergraduate) may also be eligible for graduate student housing. Contact USC Housing Services for more information.

Residential Education Programs for Graduate Students and Families
USC’s graduate and family housing is geared toward assisting students in their acclimation to the university, building community with other students, and providing a supportive academic environment. Residential Education staff provide programming that focuses on exploring the city of Los Angeles, networking with other graduate students and living a healthy lifestyle. Resident Assistants living in Family Housing work to create a welcoming environment for students with families. All programs and events planned by the Family Housing RAs are open to everyone who lives in the community.

Graduate Housing Programs
Graduate students in select majors may opt to live in buildings with other students in their course of study. Accommodations vary by building, though most provide residents with the option of their own bedroom.

- Annenberg – Communications
- Centennial – Occupational Therapy
- Founders – Gould Graduate and International Program
- Hillview – Chemistry (first-year students only)
- Pacific – Business
- Sierra – Engineering (PhD students only)
- Terrace – Law (first-year Juris Doctor students only)
- Troy Complex – Master’s students in arts & letters, cinema, engineering, music, public policy and social work

Housing availability for these programs may be limited.

Family Housing
USC has set aside apartment buildings in the North University Park area just for married students or students with children. Documentation establishing marital or familial status is required. Most are one-bedroom units suitable for couples or families with one child. The larger two-bedroom units are designed for families with two or more children.
Centennial (CEN)
2390 Portland Street, Los Angeles, CA 90007

Bel-Air offers one- and two-bedroom units for families with children. The building’s small size provides a safe, communal atmosphere for our graduate student families. Younger children can often be found playing in the central courtyard. The one-bedroom units are a great option for married couples with one child, while the two-bedroom units are reserved for students with two or more children. A small carport behind the building provides limited parking. Bel-Air is a block north of the shopping, amenities and recreation area of the USC Village. Bel-Air will be undergoing structural and cosmetic upgrades during the summer of 2019 and will reopen with unique features tailored to the needs of our family housing residents.

Graduate Housing Program: Annenberg Communications

In partnership with the Annenberg School for Communication and Journalism, Annenberg House features a common living experience for students majoring in those fields, along with exclusive programming and special events. The spacious apartments feature new flooring and furniture, individually air-conditioned living rooms and bedrooms, ceiling fans and LED lighting. The three-story building offers a cardio fitness center, a modern study room, and a recreation lounge with an 80" flat-screen TV and state-of-the-art AV system, for entertainment and presentations. The ground-floor garage offers both car and secured bicycle parking, and the building’s USC bus stop allows residents to get to campus quickly and easily.

Fairmont is a favorite choice for graduate students looking for their own space, as well as for those seeking to save money by sharing living quarters. This three-story building offers a mix of well-appointed, remodeled, fully furnished apartments, all with living room air conditioning. The deck area, with patio tables, lounge chairs and two built-in barbecue grills, is a great place to relax outside. A large, modern laundry room is located on the ground floor. Limited parking is available in the building’s open carport under the building. The Sierra Customer Service Center and a bus stop are just across the street.

Graduate Housing Program: Occupational Therapy House
Founders (FSA)

A large, modern building, Founders is the home of the Master of Laws (LLM/MCL) program, designed to meet the needs of international law students by providing them with safe, convenient and economical housing. Two floor plans are offered. The three-bedroom option offers each resident his or her own bedroom, along with a shared kitchen, bathroom and a bar top dining area. The more affordable four-person configuration is similar, but places two students in each of the two bedrooms and has a smaller common room. All apartments are fully furnished, with laminate flooring and brightly colored accent walls, and have air conditioners. Residents can relax on Founders’ courtyard sundecks, and keep fit in the newly improved workout center. Secured bicycle parking can be found in the first-floor courtyards, and there is a ground-level garage for cars. Students may request either a 9-month or 12-month contract period when applying.

Graduate Housing Program: Gould Graduate and International Program

Helena (HAP)  
1220 West 28th Street, Los Angeles, CA 90007  

<table>

</tr>
</tbody>
</table>

Helena offers graduate students both shared and single accommodations. In true California style, most apartments open onto an enclosed patio with a built-in barbecue, attractive outdoor furniture, shade sails, a fire feature and tables for studying, dining or simply enjoying the outdoors. Recent renovations include all new kitchens and baths; plumbing; new carpet and laminate flooring; new, modern furniture; and high-efficiency tinted windows. Units have through-wall air conditioners, typically in the living room. Residents can choose to walk or bike the short distance to campus, or catch the university bus at the corner of 28th and Orchard Streets. The building’s carport and rear lot provide a limited number of parking spaces. Helena offers a full-year (12-month) contract term.

Graduate Housing Program: Gould Graduate and International Program

Hillview (HIL)  
2605 Severance Street, Los Angeles, CA 90007  

<table>
<thead>

</tr>
</tbody>
</table>

Hillview's fully furnished apartments feature new flooring and furniture throughout, individually air-conditioned bedrooms and living rooms, ceiling fans, new dual-pane windows with attractive coverings, LED lighting, and new kitchen and dining areas. Many units have balconies. The two-bedroom/two-person arrangement gives residents the privacy of their own bedrooms, with the financial and social advantages of sharing an apartment. There is a small barbecue area in back and the spacious lounge on the third floor provides a great gathering place for groups. The building has a ground-level, gated garage and the USC bus stops right outside the front door. Hillview has a full-year (12-month) contract.

Graduate Housing Program: Chemistry Program

Manor (MAB)  
2636 Portland Street, Los Angeles, CA 90007

<td>Two-person</td>
<td>$1,215/Month</td>
</tr>
</tbody>
</table>

Although all residents of Manor have the privacy of their own bedrooms, this small, two-story apartment building creates a communal environment for residents. Manor is sleek, modern and lacks nothing. Apartment interiors feature engineered wood flooring, bright accent walls, modern furnishings, memory foam mattresses, elegant bathrooms, custom cabinetry and countertops, as well as air-conditioned living rooms. A deck area with patio tables, barbecue and umbrellas is nestled behind the building. Conveniently located next to the Sierra Customer Service Center, Manor also has gated, primarily tandem parking underneath the building.
Max Kade House (GEX)  
2718 South Hoover Street, Los Angeles, CA 90007

</tr>
</tbody>
</table>

With a variety of room sizes available, this small two-story house is a good choice for female graduate students looking for an inexpensive housing option and a close-knit social environment with others sharing similar dietary preferences. Max Kade has a communal living room with a flat-screen television, two and a half shared bathrooms and a small room dedicated to exercise and fitness. The fully equipped kitchen with adjacent dining area can be used to prepare vegetarian meals. The common areas are air conditioned and each bedroom is individually air conditioned. The backyard features a hardscaped patio deck with a built-in barbecue. Campus is a short walk down Hoover Street, and the USC Village's shopping and dining are even closer. The building has a full-year (12-month) contract.

Pacific (PCA)  
2637 Severance Street, Los Angeles, CA 90007  

<table>

</tbody>
</table>

Pacific’s two-bedroom apartments feature kitchens with bartop counters, remodeled bathrooms, new windows and new flooring throughout, and are complemented by modern, functional furniture. The building’s common areas include a recreation room with a 70-inch flat-screen television, plush sectional couches, and pool and Foosball tables; a workout room with treadmills and ellipticals; and a stone patio deck behind the building with patio tables and a pair of built-in charcoal barbecues. Limited secured underground parking is available in the building’s garage. A nearby USC bus stop provides an easy way for residents to get to campus.

Graduate Housing Program: Marshall School of Business

Regal Trojan (RTA)  
870 West Adams Boulevard, Los Angeles, CA 90007  

<table>

<td>2B1P-DB</td>
<td>One-family</td>
<td>$1,940/Month</td>
</tr>
</tbody>
</table>

A truly unique atmosphere for graduate students from all over the world, Regal Trojan provides a safe, communal environment for families. Most two-bedroom units have two bathrooms and are reserved for families with two or more children. All apartments have an air conditioner in the living room. The central courtyard and sun decks—complete with luxurious patio furnishings and a built-in barbecue—maximize interaction among residents. Ample, secured garage parking is available beneath the building, and a nearby USC bus stop makes getting to campus quick and easy. A small elevator serves the garage through third-floor levels and provides easy access to the garage-level laundry room.

Regent (RGA)  
1138 West 29th Street, Los Angeles, CA 90007  

<table>

These one-bedroom units are ideal for married couples or families with a single child, with renovated full kitchens and bathrooms and air-conditioned living rooms. The small size of the building provides safe surroundings for our graduate student families. The building’s courtyard is child-friendly and promotes a family atmosphere. Limited parking is available in the carport behind the building. A small laundry room is conveniently located in the back of the building. Regent is a block north of the shopping, amenities and recreation area of the USC Village and a short walk to campus. The USC bus stops in front of the building. Regent will be undergoing structural and cosmetic upgrades during the summer of 2019 and will reopen with unique features tailored to the needs of our family housing residents.
Severance Street Apartments (SSA)

Senator offers families year-round occupancy in fully furnished one-bedroom apartments with attractive interiors and modern bathrooms and kitchens. They have limited air conditioning provided by through-wall units located in the living rooms. A fenced grassy area surrounds the trio of historic two-story buildings, providing a play area for children or a place for residents to get together for cookouts. The large modern laundry room is equipped with multiple washers and dryers and a folding area. Senator also has bachelor units for single graduate students. These do not have air conditioning or kitchens but do provide micro-fridges and full bathrooms. Limited parking is available in the secured parking lot, located in the rear of the property. Senator is just a short walk from the shopping, dining and recreation of the USC Village.

Seven Gables (SGA)

620 West 30th Street, Los Angeles, CA 90007

</tr>
</tbody>
</table>

Perfect for graduate students looking for the privacy of a single close to campus and the convenience and security of university housing, Seven Gables is an older, two-story apartment building, but has been renovated to include modern amenities while keeping its timeless charm. It is a half-block away from a variety of restaurants on Figueroa Street and about two blocks from campus. Each studio apartment consists of a living/bedroom area and a private bathroom and kitchen. The residents of the two-bedroom unit share a kitchen, but each has a private bath, along with an individual entrance. All units have a wall-mounted air conditioner. Permits for the gated parking lot next to the building are issued by USC Transportation. Contracts are for the full year (12-month).
Sierra (SIE)
2638 Portland Street, Los Angeles, CA 90007

Sierra offers first-year graduate students in the Viterbi School of Engineering the opportunity to live and study together in a three-bedroom format in which each resident has his or her own bedroom. Residents in the program have a 12-month contract.

The building's air-conditioned, three-bedroom apartments feature amenities such as remodeled kitchens and bathrooms, modern furniture, laminate floors, colored accent walls, dual-pane, sound-blocking windows and window shades. Conveniences include a fitness room and a study lounge. Sierra is home to the area's Housing Customer Service Center. A spacious patio with tables, chairs and several barbecues creates a great gathering place. Car and bicycle parking is available within the ground-floor garage. A bus stop on site makes Sierra even more convenient.

Located close to the restaurants and shopping on Figueroa Street, Stardust offers both private apartments and private bedrooms to students on a nine-month, academic-year contract. The upgraded apartments feature wood flooring, bright accent walls, modern furnishings, memory foam mattresses, and custom cabinetry and countertops, as well as air-conditioned living rooms. Each unit in this small, two-story building opens onto a central courtyard patio deck — a comfortable community setting with built-in barbecues, modern outdoor seating, hardscaping and lighting. Stardust has a laundry room and limited carport parking.

Stardust is home to the expanding USC Veteran’s Housing program. Preference is given to former service members continuing their education at USC.

Graduate Housing Program: Law (JD) Program
Along with Troy Hall, Troy East is home to the Master’s Village for graduate students in a variety of disciplines. It features a prime location and multiple configurations that offer the privacy of a two-person apartment, or the economy of a four-person, two-bedroom apartment. The bathrooms in the two-bedroom units have separate toilet, shower and sink areas for the greatest utility and privacy. Each apartment includes a through-wall air-conditioning unit in the living room. Residents can take advantage of the cardio fitness center’s wide range of modern work-out equipment, the quiet environment of several study rooms and the large recreation room’s TV and game tables.

Troy East shares a Customer Service Center with the adjacent Troy Hall. Residents can relax in the complex’s central court, which features an open grassy area, gas barbecues, luxury outdoor furnishings and patio tables and chaise lounges for taking in the sun or sitting by the two large fire features on a cool California evening. Troy also boasts a large conference room equipped with a digital projection screen and AV system for student and academic activities. Parking in the building’s garage is limited. Alternatively, residents can park in nearby USC Transportation lots.

Along with adjoining Troy East, Troy Hall forms the Master's Village, its location (a quick, one-block walk to campus and less than a block from USC Village) and large apartments in a variety of configurations make it a desirable destination for master's degree students at USC. The apartments feature spacious living rooms, balcony decks, and new flooring and sofa sets. In the two-bedroom units, each bedroom has its own bathroom. Residents can relax in the complex’s remodeled central courtyard, which features an open grassy area, built-in gas barbecues and luxury outdoor furnishings for taking in the sun or sitting by the two large fire features on a cool California evening. Troy Hall also offers a large conference room equipped with a TV/AV system and digital projection screen for student and academic activities. Residents also have access to the fourth-floor game/TV lounge, as well as the modern fitness center and study rooms in adjoining Troy East. Limited parking is available in the garage under Troy East, with additional spaces available in nearby lots operated by USC Transportation.

Graduate Housing Programs: Arts & Letters, Cinema, Engineering, Music, Public Policy and Social Work

Troyland (TAP)
955–959 West Adams Boulevard, Los Angeles, CA 90007

This popular, two-story, graduate-only building overlooks Hoover Park near the corner of Hoover and Adams. Troyland’s single-occupancy studios and one-bedroom units all have fully renovated kitchens, ceiling fans in the living rooms and air-conditioned bedrooms. Residents can relax in the rear deck area, which features a barbecue and patio tables with umbrellas. Spaces in the building’s gated underground garage are allocated by USC Transportation. Troyland has a full-year contract period.
University Regent (URA)
1219 West 27th Street, Los Angeles, CA 90007

University Regent is a popular choice for graduate students who prefer to live alone in a quiet setting. The apartments have a modern bathroom and a small kitchenette with a refrigerator, microwave, sink and cabinets. There is no stove or oven. The three-story building includes a secured garage with limited permit parking, and a laundry room on the first floor, with living areas on the second and third. Residents can catch the USC bus at the stop in front of the building. Campus and the USC Village are a quick bike ride or 10-minute walk away. University Regent offers full-year contracts.

Twin Palms (TPA)

</tbody>
</table>

Perennially popular and sought after, Twin Palms is a cozy, two-story graduate building with a variety of apartment styles available for full-year contracts. It’s a great mix of single living and affordability. The building was upgraded with all new kitchens and baths, and heating and air-conditioning. It also features new flooring, modern furnishings, and dual-pane windows with privacy shades. The two-bedroom apartments have a separate bathroom for each resident. Twin Palms is convenient to the USC bus and an easy walk or bike ride to campus. Limited parking is available behind the building.

Windsor (WIN)
1149 West 28th Street, Los Angeles, CA 90007

Windsor Apartments offer graduate students the option of living in a quiet two-story apartment building. Each unit in Windsor is luxuriously furnished, and features an air-conditioned living room, full kitchen and a bathroom. An in-ground barbecue, patio table and umbrella complement the building’s grassy front lawn. Students can take advantage of the USC bus stop and on-site parking. Windsor offers full-year contracts.

Vista (VIS)
2701 Severance Street, Los Angeles, CA 90007

</tbody>
</table>

Small and intimate, Vista is ideal for graduates interested in getting to know their fellow students and features private bedrooms for all residents. Amenities include renovated kitchens and baths, modern furniture, laminate flooring, vertical blinds, and air-conditioned living rooms. The two-bedroom apartments include one and a half baths. Students can enjoy the California weather in the patio deck area, complete with barbeque. Vista is minutes from campus and the USC Village by foot, bike or USC bus, and has gated parking. Vista offers full-year contracts.
Campus Resources

USC’s many dining locations, convenient parking and transportation, and on-campus stores meet housing residents’ daily dining, transportation and study needs.

Dining

USC Hospitality provides an abundance of dining options, with something for almost every taste. Our goal is to provide a rewarding dining experience through nutrition, freshness and variety.

Most undergraduate residents are required to purchase meal plans. These plans provide meals in the EVK, USC Village and Parkside residential dining halls, which feature a buffet-style format with freshly prepared entrees, salad bars, pizza and sandwiches. Parkside Restaurant’s “trend-current” international cuisine is prepared in exhibition-style kitchens that allow guests to observe the culinary staff in action. Graduates and upperclassmen assigned to certain apartment buildings do not have mandatory meal plans.

USC Hospitality also operates a variety of venues around campus where you can eat a full meal or grab a snack. A number of cafés in various schools throughout campus offer sandwiches, salads, snacks and specialty coffee beverages.

The Ronald Tutor Campus Center is a social gathering spot for the campus community and the largest dining location at USC. The food court area offers quick-service favorites such as The Habit (hamburgers and sandwiches), Verde (fresh Mexican food), Panda Express and California Pizza Kitchen. Serving freshly made sandwiches, salads and packaged foods, Seeds Marketplace is located here along with concept eatery Lemonade.

USC Hospitality
Phone: (213) 740–6285
Website: hospitality.usc.edu
(For the most up-to-date information about on-campus dining, please visit the Hospitality website.)

USC Bookstore

The USC Bookstore provides the university community with the necessities of campus life, from books to Trojan t-shirts, snacks to school supplies. It’s no surprise to find new and used course books, but there’s also a wide selection of popular fiction, nonfiction and reference titles.

A complete line of USC items is available, along with apparel and beauty products. The CampUSConnect computer store sells hardware and software at an educational discount.

The USC Bookstore
University Park Campus

USCard

More than a student ID card, your USCard is a multipurpose passport to services and activities on the USC campus. It enables you to:

• Gain entry to your USC housing;
• Use USC libraries and computer centers;
• Access the Lyon Recreation Center and other recreational facilities;
• Track your meal plan usage; and
• Conveniently pay for campus purchases.

USCard Services
McCarthy Way Parking Structure (PSX)
620 McCarthy Way, Room 200 | Los Angeles, CA 90089
Phone: (213) 740–8709
Website: mycard.usc.edu
(Visit the USCard website for up-to-date information or to sign up for web-based services.)
Transportation & Parking Services

USC Transportation Services is the key to your university parking and transportation needs.

Parking Permits
USC Transportation offers parking convenient to all University Park Campus housing facilities. A permit is required to park in any USC structure or lot. Spaces are limited, and they sell out every year, so apply for your permit early.

Permits are issued by lottery for the entire academic year (fall and spring semesters). Your student fee bill will be charged once in the fall and again in the spring. If you need to cancel your permit for any reason, it must be returned to USC Transportation to avoid further charges. To purchase a permit, please visit the Transportation website at www.usc.edu/parking and create an online Parking Account. During the Parking Lottery Registration Period, log in to your account and click on Add or Edit Parking Waitlists to add yourself to waitlists for up to eight different lots, in descending order of preference. Registration periods are May 1 through June 30 for fall permits, and November 1 through December 7 for spring permits. You will be notified by email after the registration period closes.

Bus Service
University-owned buses operate seven days a week, from early in the morning until late in the evening, providing service to nearby apartments. Schedules are available online and in person from USC Transportation. Students, staff, faculty and university guests may use the buses free of charge.

Campus Cruiser/Lyft
The student-run Campus Cruiser/Lyft program provides a supplementary service to our buses and a safe ride home for students and staff during evening hours. This car service offers rides to locations within an approximate one-mile radius of the center of campus. Lyft provides additional free service when wait times exceed 15 minutes.

Parking Locations & Rates
Parking is available on the University Park Campus, at all university-owned apartments in the North University Park area and at the Grand Avenue Structure. A permit is required to park in any USC structure or lot.

Spaces are limited.

Please note: Information regarding parking permits and rates is accurate at the time of publication. Permits, conditions and pricing are subject to post-publication changes.

Application & Assignments

USC Housing’s online application is the fast and convenient way to apply for university housing. Visit **housing.usc.edu** to get started.

**Registration**

If you are a transferring undergraduate, you will not need to register on our portal. Your registration information will automatically be uploaded from the USC Admission Office.

If you are a new graduate student, you will need to register and create your USC Housing account before you can complete an application. Register by providing basic personal data, such as your full name, 10-digit USC ID number, birth date, gender, mailing address, phone number and email address.

**Portal Login**

Once admitted to USC, undergraduate students will receive an email from USC Housing with their login information. Graduate students will receive their login information after they are admitted and have registered a USC Housing account. For students admitted prior to February 1, login information will be emailed late in January. For all other students, it will be emailed within a week of admission. To log in, use your 10-digit USC ID number (no spaces or dashes) and the password emailed to you. Once you are logged in, you can complete a housing application, create and edit your profile, search for roommates, and find out about your housing assignment.

**Profile**

Please visit the Profile section to ensure your basic information is correct and to create a profile — information we need to make your housing assignment. Your personal details and any special needs information will remain private. You can change your profile at any time by clicking on the Profile option on the application web page.

---

**TIP** Check the USC Housing website at **housing.usc.edu** for the most up-to-date housing and application information.

---

**The Importance of Applying Early**

Housing assignments for new graduate students and transferring undergraduates are made on a first-come, first-served basis. After class standing, the single most important factor in determining where you will be assigned is the date we receive your application. The earlier you apply, the greater the likelihood you will receive one of your building or room preferences. Only admitted students may apply, and it’s a good idea to apply as soon as you are admitted and receive your login information.

**Based on experience, USC Housing expects to receive 2019-2020 applications from newly admitted students as early as February 2019. Most transferring students apply by early July. Graduate students applying by mid-April have the best chance for a housing assignment.**

Please note: While USC guarantees housing for new freshmen (defined by USC Housing as recent high school graduates with no college credits), there is no guarantee for transferring undergraduate or new graduate students. Assignments for these students are based on application date and availability.
Undergraduate Application

Transferring undergraduates may apply for housing once they have been admitted to the university and have been issued a 10-digit USC student identification number. You may submit a housing application before sending your Enrollment Commitment Deposit form.

To apply, click on the Application on our online portal and select the term for which you are applying: Academic Year 2019-2020, for those starting in August 2019; or Spring 2020, for those starting in January 2020.

Begin Application To start your application, click on the Apply option at the top of the page.

Personal & Contact Details Here you will provide us with information we need to determine what housing is appropriate for you, such as your class standing, marital status, and any physical or medical needs we should consider when making your assignment. (You must register with Disability Services and Programs if you need special housing. Please see page 5.) In addition, you will be asked to provide emergency contact information.

If you want to use our online Roommate Search and Message feature, be sure to check the Include in Roommate Search box and create a screen name.

Profile Questions In this section you will answer a series of questions about your personal living preferences, giving you the opportunity to participate in our roommate-matching process.

Application Category Please select your category. Newly admitted students should choose “New to USC.”

List Housing Preferences You must list five housing preferences in order of interest. Please review the building descriptions in this brochure or on our website before entering your preferences. You can update your preferences up until the time assignments are made.

Special Interest Housing You may also indicate a special interest program for which you would like to be considered. If you are requesting a special interest program, be certain to list the corresponding building as your first housing preference. Selection of some programs will require the completion of a supplemental application.

If you wish to be considered for our Gender Inclusive housing option, you can indicate that in this step.

Pay Application Fee USC Housing cannot process your application before receiving your $55 nonrefundable application fee. (This fee cannot be waived.)

Our website accepts Visa, Mastercard, American Express or Discover Card. When your payment has been accepted, we will email you confirmation.

You do not need to do anything else at this time. You are eligible for assignment once you pay the application fee. When you have been assigned, we will notify you by email and direct you back to the portal to complete the steps listed in the Contracts section on the next page. If you wish, you have the option to go on and select a roommate.

Roommate Selection (Optional) If you would like to request a specific roommate, you can add that person to your application by entering his or her screen name and/or 10-digit USC ID number. For your requests to be considered, they must be mutual and the housing preferences, including any special interest programs, for each roommate must be exactly the same. Roommate requests cannot be guaranteed.

If you do not have a specific person in mind, you can conduct an online search for potential roommates and be presented with possible matches based on the information provided in your Profile (see page 26). You will be able to contact potential roommates, and update your application to request them, up until the time assignments are made.
Graduate Application

New graduate students may apply for housing once they have been admitted to the university and have been issued a 10-digit USC student identification number. You may submit a housing application before sending your Enrollment Commitment Deposit form.

To apply, click on the Application on our online portal and select the term for which you are applying:

* Graduate Academic Year 2019-2020 for buildings with an August 2019 to May 2020 contract.
* Graduate Full-Year 2019-2020 for buildings with an August 2019 to July 2020 contract.
* Spring 2020, for those starting in January 2020.
* Law Housing 2019-2020 for first-year juris doctor students requesting the Law Program.

Begin Application To start your application, click on the Apply option at the top of the page.

Personal & Contact Details Here you will provide us with information we need to determine what housing is appropriate for you, such as your class standing, marital status, and any physical or medical needs we should consider when making your assignment. (You must register with Disability Services and Programs if you need special housing. Please see page 5.) In addition, you will be asked to provide emergency contact information.

If you want to use our online Roommate Search and Message feature, be sure to check the Include in Roommate Search box and create a screen name.

Profile Questions In this section you will answer a series of questions about your personal living preferences, giving you the opportunity to participate in our roommate-matching process.

Application Category Please select your category. Newly admitted students should choose “New to USC.” If you are requesting a special graduate housing program, select that program here.

List Housing Preferences You must list five housing preferences in order of interest. Please review the building descriptions in this brochure or on our website before entering your preferences. You can update your preferences up until the time assignments are made.

Pay Application Fee USC Housing cannot process your application before receiving your $55 nonrefundable application fee. (This fee cannot be waived.)

Our website accepts Visa, Mastercard, American Express or Discover Card. When your payment has been accepted, we will email you confirmation.

You do not need to do anything else at this time. You are eligible for assignment once you pay the application fee. When you have been assigned, we will notify you by email and direct you back to the portal to complete the steps listed in the Contracts section on the next page. If you wish, you have the option to go on to select a roommate.

Roommate Selection (Optional) If you would like to request a specific roommate, you can add that person to your application by entering his or her screen name and/or 10-digit USC ID number. For your requests to be considered, they must be mutual and the housing preferences, including any graduate housing programs, for each roommate must be exactly the same. Roommate requests cannot be guaranteed.

If you do not have a specific person in mind, you can conduct an online search for potential roommates and be presented with possible matches based on the information provided in your Profile (see page 26). You will be able to contact potential roommates, and update your application to request them, up until the time assignments are made.
Assignments

Rooms Once you have been assigned a housing space, you will be notified by email. You can then log in to the Application portal on the Housing website to review your assignment.

We can offer housing assignments only to certified students. To be certified, you need to have submitted your USC Enrollment Commitment Deposit form and the $300 commitment deposit, or approved waiver, to the Office of Admission. New graduate students need to have submitted their Intent to Enroll form to the Office of Admission by the appropriate deadline.

The USC Housing Services Office makes assignments based on space availability and the following criteria:

- The date your application is received by USC Housing Services; and
- Available spaces in the buildings or programs you have requested and for which you are eligible.

Your assignment will be as close to your requests as possible, based on availability and eligibility; however, there is a possibility that it may not match any of your building preferences.

(Please note that your room or apartment number is not guaranteed and is subject to change without notice.)

Important: We are unable to guarantee housing to transferring undergraduate or new graduate students.

Contracts

After reviewing your assignment, you will need to accept and confirm your contract to finalize your housing.

Confirmation Payment You may submit your $800 confirmation payment electronically by Visa, Mastercard, American Express or Discover Card. Half this fee will be credited to your account in the fall semester and the other half in the spring semester.

Contract & Finish To confirm your assignment, first read through the Living Agreement. You must then click on the I Agree button to accept the terms and finalize your contract. If you fail to do so, your assignment will be cancelled. Clicking on the I Agree button is the electronic equivalent of signing a contract, and by doing so you are agreeing to be legally bound by the terms of the Living Agreement.

Important: If you do not confirm your contract and make the confirmation payment by the due date indicated, your assignment will be cancelled and given to another applicant.

Meal Plans If you are an undergraduate, this page will show the default, mandatory meal plan for your assignment, if one is required. Visit the USCard website at mycard.usc.edu to add or change a meal plan.

Once you have accepted the contract, you will see a confirmation page, summarizing the basic details of your housing assignment, including your current roommate(s). Please print a copy for your personal records.

Applying by Mail-In Application

If you would prefer to submit a written application, please visit our website to download an application form. Complete the form and mail it, along with the mandatory $55 nonrefundable application fee, to USC Housing Services, 620 McCarthy Way, PSX 137, Los Angeles, CA 90089-1332. (Please note that our roommate-matching process is available only to students who apply online.)

Your application date will be the date your application is received in our office — not the postmark date. Once we have made your housing assignment, we will notify you by email.
Summer Housing
There is a separate application and assignment process for summer housing. More information about summer housing will be available in late March 2020. Please contact the USC Housing Services Office or your CSC about summer housing options and application information.

Reassignments
If you would like to change your assignment after receiving your contract, you can request a reassignment. To be eligible, you need to have confirmed your contract and made the $800 confirmation payment prior to submitting your request. Reassignments are processed in two ways: by reassignment list and over the counter.

Reassignment List (Prior to Move-In)
To request an assignment change prior to move-in, please read the reassignment information on our website and submit the Reassignment Request form that can be found there. Requests are placed on a reassignment list in the order received, and processed based on eligibility, gender and space availability. We make every effort to complete requests, but reassignment is not guaranteed. If we are able to fulfill your request, you will be emailed confirmation that you have been reassigned. This will be your new housing assignment. Your previous assignment will be cancelled and offered to another student.

Reassignments are processed from late May to mid-July. On July 19, the Housing Services Office will cancel all unfulfilled requests. If your request is not fulfilled, you should move into your contracted housing assignment on your contract start date. No new requests will be accepted until the reassignment process re-opens in September.

Over the Counter (After Move-In)
Beginning Wednesday, September 11, reassignments may be requested over the counter at any CSC or at the main Housing Office. If a space that meets your housing needs and eligibility becomes available, you can be reassigned on the spot. There is no reassignment list during the academic year. Reassignments during the academic year are halted from mid-November to mid-January to facilitate the assignment of students arriving spring semester.

Cancellations
If you decide to cancel your application prior to being assigned, or to cancel your housing assignment prior to confirming your contract, print and complete the Cancellation Request form on our website and send it to USC Housing Services. The application or assignment will be cancelled. The $55 application fee will not be refunded.

You are responsible for the terms of the contract once it has been confirmed. However, you may still submit a Cancellation Request to be released from your contract.

- If your cancellation is granted by June 7, you will receive a full refund of the contract confirmation payment.
- If your cancellation request is not granted, your contract will be in force and you will be held to its provisions.

You may request in writing to reactivate your application at any time during the same academic year without paying an additional fee or completing another application.

Contract Dates
Specific start and end dates are associated with university housing contracts. Once confirmed, the contract is in force for that time period.

All apartment buildings remain open for the full period of the contract term and may be continuously occupied by residents through the winter and spring breaks.

Undergraduate University Park & North University Park Housing
Most housing contracts for these spaces begin on Wednesday, August 21, 2019, and end on Wednesday, May 13, 2020.

Family Housing
Contracts are for a full year. They begin on August 12, 2019, and end on July 31, 2020.

Graduate Academic Year
Nine-month contracts begin on August 12, 2019, and end on May 13, 2020.

Graduate Full Year
Twelve-month contracts begin on August 12, 2019, and end on July 31, 2020.
Law Program Housing
To accommodate the Law School calendar, contracts for Law Program Housing in Terrace (only) begin on August 19, 2019, and end on May 19, 2020.

Occupational Therapy Program Housing
Contracts begin on August 12, 2019, and end on May 13, 2020. OT students with prerequisite summer classes can customize their housing stay by adding a summer housing contract for Centennial to their academic-year housing.

Requests for Early Arrival
Some departments and programs schedule activities before the university’s official move-in dates of August 21 for undergraduates and August 12 for graduate students. To the extent possible, we want to accommodate residents who wish to check in to their housing assignments early for these activities. Early arrival requests must be received in writing from the department or academic program with which you are affiliated.

Residents may request early arrival on an individual basis. Because we must also plan for summer school student departures, summer conferences and other university summer programs, individual requests for early arrival may not be honored. Requests should be submitted by August 1 to the email address of the Customer Service Center for your housing assignment (see p. 33). Requests may not be made for arrival earlier than three days prior to the contract start date.

Customer Service Centers grant final approval of requests for early arrival, and will do so only if there is sufficient time to clean and prepare the room. You will receive an email response letting you know if your request can be accommodated.

Incoming residents must call their Customer Service Center to verify early move-in approval before they leave home for USC. If the early arrival request is approved, you will be charged $75 for each night stayed prior to the first day of your housing contract. Residents who arrive without approval may be turned away. Those who can be accommodated will be charged a $200 per-night fee.

Housing for Spring 2020

Students admitted for the spring semester are welcome to submit a housing application. The housing information and procedures presented in this brochure apply to spring applicants, except for the important differences noted below.

**Availability**

Spring housing assignments for transferring undergraduates, continuing non-resident undergraduates, and new and continuing graduate students will be made on a space-available basis.

Available housing for spring depends on: (1) the number of students admitted to USC for spring semester; and (2) the number of students who leave university housing during fall semester. Generally, university housing is filled to capacity at the beginning of fall semester. Only spaces that become vacant can be offered to students arriving in the spring. The availability of specific housing is difficult to predict, and it is often not possible to place applicants in their top preferences or with requested roommates.

**Application & Assignment**

USC Housing will begin accepting spring 2020 applications on July 1, 2019. To be considered for spring housing, you must select the “Spring 2020” option when applying. Due to high demand and the uncertain supply of housing spaces, you should apply early for the best chance of receiving a housing assignment and the best selection of available spaces. We recommend that you apply online. If you mail your application, your application date is the date we receive your form in our office, not the postmark date. Any applications received earlier than July 1 will be grouped with those turned in on July 1.

Housing assignments for spring 2020 will be made based on application date, gender and availability. Students will be notified of their assignments by email in late November and directed to the USC Housing website to confirm their contracts.

**Move-in Day for spring residents is January 9, 2020.**
