## Moving In

### Parking and Unloading

On-campus unloading zones are for temporary parking only, a restriction that will be enforced by university officers, so please, be sure to pay attention to posted parking restrictions when moving in.

No special provisions for unloading will be available for North University Park Campus locations.

### Moving Your Stuff

Large wheeled bins will be available at each CSC for hauling in your belongings. They are available on a first-come, first-served basis and may be checked out for a limited time.

### Elevators

All of USC's on-campus residence halls, suites and apartment buildings have elevators, with the exception of New and North Residential Colleges, Marks Hall and Trojan Hall. If you are moving into one of those four buildings, be prepared for multiple trips up the stairs and plan accordingly. In places that do have elevators, expect them to be busy, so please be patient.

Our large north campus apartment facilities have elevators, but many of our smaller buildings do not. You may need to carry your possessions up a flight or two of stairs in these locations.

### Shipping Your Belongings

You can use any carrier (UPS, U.S. Postal Service, etc) to ship your items to your USC address. Your campus address can be found in the [USC Resident Information](#) booklet. You may have items sent to that address without the room number. Room/apartment numbers will be issued at check-in. Our staff will look up your room number and notify you when your packages arrive.

Please note, however, since *we cannot accept any packages for residents who have not checked in*, we will refuse any packages for you prior to your arrival. Please time your shipments to arrive *after* you have checked in.
