

# REASSIGNMENT

If you wish to reassign from one university housing space to another, please read the following important information.

## **When** - Beginning Wednesday, January 28

Wednesday, January 28 to Friday, January 30: 10:00 am - 4:00 pm

## **Where** - USC Housing Customer Service Centers (CSCs)

- From Wednesday, January 28 through Friday, January 30, reassessments *can only* be done at *building* Customer Service Centers. Please go to the CSC of your present assignment.
- The central Housing Office located in the McCarthy Parking Structure (PSX) will *not* do reassessments during that time.
- Beginning Monday, February 2 through the end of the semester, reassessments can be requested at your CSC or the central Housing Office on campus in the McCarthy Parking Structure (PSX).

## **How** - Procedures

- On Tuesday afternoon, January 27, a list of spaces available for reassignment will be posted at each CSC. If there is a space appropriate to your gender and class standing listed that interests you, go to a CSC on January 28 to be reassigned.
- If the space is still available when you come in (space availability will change on a dynamic basis as residents reassign), you may fill out a reassignment request form and be reassigned on the spot. A contract summary for your new assignment can be printed for you at the Central Housing Office if you wish.
- If you and your roommate(s) are seeking to have your assignments changed in order to live together, you must come in person as a group to the same CSC to see if you can be reassigned. If you wish to swap spaces with another resident, you and that student must come in together to complete the exchange.
- Once you have been reassigned to a new space, you will give up all claim to your previous building and room type. You will need to move out of your previous assignment and into your new reassignment within 24 hours.
- Reassignments will be made on a first-come, first-served basis. *There will be no waiting list*, and reservations cannot be made for spaces prior to the start of reassignment on January 28. If you really want a particular space, you should go to a CSC as early as possible on that day.
